Startling Break in Spy Case By 'Mystery' Witness Seen

Actress Takes Second Husband

Actress Ida Lupino is shown with her husband, Collier Young, following their wedding yesterday at La Jolla, Calif. Here they prepare to leave a reception for a week's honeymoon at Catalina Island. It is the second marriage for both.

PROBERS TOLD REDS GOT U. S. URANIUM

WASHINGTON, Aug. 5 (AP)—A mystery witness has been found who may "crack wide open the whole Soviet spy case," the House un-American activities committee announced tonight.

Acting Chairman Mundt (R-SD) told reporters a subcommittee is being sent out of town to interview the witness. Mundt declined to say who the person is, or where he is located.

Earlier in the day, a congressman declared that 1300 pounds of precious uranium compounds were shipped to Russia "at the very height of atomic research in 1943."

Uranium is a basic material for atomic bombs. The first atomic bomb in warfare was dropped on Hiroshima three years ago today.

* * *

REP. McDOWELL (R-Pa) told about the alleged uranium shipments to his colleagues on the House committee on un-American activities. It is one of two congressional units now digging into charges that Communists infiltrated into high places in the U. S. government during the war.

McDowell said the uranium was shipped "after tremendous pressure on all phases of our government from known Russian agents and others who had worked themselves into positions of importance." He said the uranium was dispatched in two shipments from "a small obscure airfield in this country."

Undeterred by the criticism from the White House, both committees went ahead with the investigations they began the past week, stemming from the testimony of Miss Elizabeth T. Bentley, self-described former Communist spy.

* * *

THESE WERE among the day's top developments:

1. Alger Hiss, former State department official, told the House committee under oath that "I am not and never have been a member of the Communist party." Hiss appeared at his own request after Whittaker Chambers, a previous witness, had testified that Hiss was a member of the "Red underground" here. Hiss now is head of the Carnegie Foundation for International Peace.

2. A Senate investigating subcommittee headed by Senator Ferguson (R-Mich) heard testimony that Commerce department officials knew that William W. Remington was the subject of an "active investigation for espionage" when he was hired. Samuel Klaus, a State department lawyer, made the statement. Remington, now under suspension, was chairman of a committee which passed on the shipment of goods to Russia.

3. Rep. Rankin (D-Miss), a member of the House un-American

POSSIBLE BOOST IN STATE AID TO SCHOOLS IS SEEN

Local District May Profit By New Plan Based on Equalized Assessments

By FRANK DOSTAL
(Mercury Staff Writer)

The possibility of Pottstown's school district receiving increased State appropriations under new regulations designed to equalize the tax burden and educational opportunities throughout the State was held forth yesterday by Dr. Frank M. Haiston, superintendent of schools.

He said it was entirely possible Pottstown's appropriation would be either increased or unaffected in the fiscal year 1950-51 when the effects of the regulations are felt.

Dr. Haiston made his prediction in the face of estimates that all but 78 of Pennsylvania's 2543 school districts face a sharp, automatic decrease in State subsidies unless they equalize local real estate assessments at market value before July 1, 1949.

In Pottstown, the citizens' equalization of assessments committee has been equalizing the assessed valuation of property for the past two years, bringing it closer to the market value.

"This office has no information as to in what way or to what extent Pottstown will be affected," Dr. Haiston said, "but if the State is going to appropriate the same amount of money, it cannot distribute it without changing the basis of distribution if a large number of districts are affected."

* * *

HE POINTED OUT that if only 78 school districts are to be unaffected by not having their appropriations decreased, it would be almost impossible for the State to distribute its appropriation for education. It would be necessary to change the proposed distribution based on equalization of assessments at 100 percent of market value to some other level.

Assuming, he said, that Pottstown with a total assessed valuation of $14,172,845 is an average community, it would receive the same appropriation and possibly more if the base was raised.

The new State regulations are

Young Woman Flung Off See-Saw, Injured

Gloria Fizz, 20, 740 Walnut street, was admitted to Pottstown hospital last night after she fell from a revolving see-saw at the Happy Hill playground, Sheridan and Beech streets, at 8:15 o'clock.

Miss Fizz suffered a possible brain concussion in the fall.

She was spinning on the see-saw, an action frowned upon by playground supervisors, when she became dizzy and flew off, striking her head against a tree approximately six feet from the revolving device.

The young woman was taken to the hospital in an ambulance of the Good Will Fire company, driven by Herbert Quinter.

Her condition was "satisfactory" last night, as she was admitted for observation.

* * *

ALTHOUGH THE playground had been closed to children for the day, a doggie roast for neighborhood families was planned last night. More than 30 persons were in the area as Miss Fizz flew from the see-saw.

Supervisors had warned players to use the see-saw carefully, moving in a circle only by kicking their feet against the ground.

Miss Fizz and a friend, however, brought their feet up and had a bystander push the instrument around fast.

Before the ambulance arrived, Miss Fizz received first aid attention from Dr. Daniel Lee, 719 Walnut street.

PUPILS TO PAY 6-CENT PRICE FOR MILK HERE

Half Pints to Be Boosted On Basis of 1½-Cent Hike Approved by State

Pottstown school children will pay at least six cents for their half-pint bottles of milk next month, one-half cent more than they paid the past Spring.

The increase will result from the decision of the State Milk Control commission yesterday in Harrisburg, calling for a one and one-half cent a quart increase in milk prices, effective Aug. 16.

A split decision among commission members kept the boost from going to 2½ cents, which had been expected.

The price of a quart of Grade B milk in Pottstown will rise to 22 cents, as a result of yesterday's session, instead of to 23 cents, as had been predicted.

Local milk dealers said that the increase in public schools would be one-half to three-quarters of a cent for a half-pint bottle.

* * *

YESTERDAY'S turnabout on the part of commission members came only 10 minutes before they began a two-day conference on tentative orders proposing new prices to become effective Aug. 16.

The new prices, proposed by commission members John J. Snyder, New Cumberland, a Democrat, and Charles J. O'Loughlin, Beaver, a Republican, are 21½ and 22 cents, depending on present prices in the various milk marketing areas.

Chairman H. N. Cobb, Republican, and dealer and producer representatives objected strenuously. For a time, Cobb even refused to have a part in the commission proceedings.

"Up to 10 minutes of 10 a.m., I had supposed we had orders on which we were agreed," Cobb said at the outset. "Then two members of the commission came into the chairman's office and said they could not go along with the tentative orders."

They provided for the 2½ cent boost in retail prices and 80 cents a 100 pounds more for class one milk bought from farmers. A hundredweight is 46½ quarts.

Cobb said he would stand by the original proposal because he believed the higher prices are necessary to meet the competition from

Too Nasty Out, Folks Burn Up Phone Lines

If it were possible, you probably laid in bed most of yesterday. It was a good day for sleeping. But to a telephone operator, a day like yesterday is strictly a wrong number.

In the middle of a hot Summer when a day comes along pasting the area with .74 inches of rain and adding temperatures that never get above 66, people stay inside.

And when they stay inside, they like to talk into a telephone.

Willard L. Kline, manager of the local Bell company office, said the usual number of local calls estimated for a day like yesterday is 34,000. By midnight, 40,000 had been made.

Out-of-town calls, which would normally total 5500, amounted to 6000 yesterday. Only calls, local and out-of-town, originating in Pottstown are counted in the figures.

* * *

THIS MEANS that the full compliment of 21 local operators and 13 out-of-town call operators per shift must be pressed into service and even then their work is heavy.

Children home from school, adults holed up by the weather and the natural tendency to discuss curious weather all account for the boom trade in jaw clacking, Kline believed.

Meanwhile, the rain and cold postponed wheat harvesting and filled many homes with so much dampness that fires in fireplaces or furnaces were lighted.

The rain, although it fell in waterfall bursts at times, was light enough to keep creeks in the area within their banks. No inundation was reported.

The strong West wind which blew up early last night will be followed today by partly cloudy skies and cool temperatures. Tomorrow, the weatherman believes, will be fair and somewhat warmer.

PAROLEE SLAYS YOUTH WITH AXE

Bishop Escapes With Life As Gunman's Shots Go Wild; Caught After Chase

BOLTON, Mass., Aug. 5 (AP)—Two shots were fired at Suffragan Episcopal Bishop Raymond A. Heron today by a brazen young gunman who blurted out a story of how he earlier had shot and axed to death a 17-year-old youth in the clergyman's home.

Capt. John J. Lang, of the Providence, R. I., police department, said Frederick S. Pike, 19, of Boston, openly admitted in a signed statement that he fired two wild shots at the bishop and killed Paul Zayka, a youth who lived with the bishop.

Lang said Pike, a Concord reformatory parolee arrested in Providence after a bullet-spattered 75-mile an hour chase through heavy traffic, told police he shot Zayka three times with a .25 calibre automatic pistol and then struck the youth with an ax before dragging the body downstairs.

Pike said, according to Lane and Police Chief Charles A. Higgins, that he shot Zayka when the latter put up a struggle after being held up of $2 by Pike.

* * *

THE PAROLEE, LANG related, boldly turned over to Providence police a spent bullet which he said he had fired through young Zayka's head.

In his statement, Pike said he waited an hour and a half for Bishop Heron to return home and that the clergyman "gave me no trouble."

He was quoted by Lang and Higgins as saying that the bishop handed over $25 and the keys to his automobile. But when the clergyman came after him as he went out the door he said—he turned and fired two shots.

Lang said Pike also told police he took two guns—a .22 calibre target pistol and a double barreled shotgun—and cut the telephone wires

Woman Dies at 89; Will to Live Fades With Son in Hospital

A slight, frail, 89-year-old woman, no longer with any incentive to live, died quietly in her home yesterday morning.

For the past ten years, Mrs. Elizabeth (Hess) Hoffman, of 883 Queen street, pushed by her will power, had kept going just to keep house for her only son, John H.

Two weeks ago, John went to Pottstown hospital. After that, Mrs. Hoffman, who would have been 90 on Sept. 15, just let down, one of her daughters, Mrs. Elizabeth Stong, 1380 Queen street, said.

"She worried about him there in the hospital," Mrs. Stong said. "I believe she kept going that long just to keep house for him."

Mrs. Hoffman had been in ill health for many months but took to her bed following a stroke only a week ago. She did all the cooking for her son.

* * *

THE AGED WOMAN'S husband, John L., a fireman for the Reading railroad, died in 1913. She has been a housekeeper all her life.

Born in Stettin, Germany, she came to this country at 11, and with her family, settled in Pottstown. Except for nine years in Bridgeport just before the turn of the century, she spent her entire adult life in the home in which she died.

She was a member of St. James Lutheran church and a charter member of the Fidelity class of the Sunday school, which she attended faithfully until two years ago.

Also surviving is another daughter, Mrs. Sarah Webster, 1020 Queen street; seven grandchildren and two great-grandchildren.

She will be buried in Pottstown East End cemetery after services from a funeral home at 404 High street at 2 o'clock Monday afternoon.

The Rev. Edward S. Horn, pastor of St. James church, will officiate.

GOP Split Rocks Senate Over Housing Legislation

WASHINGTON, Aug. 5 (AP)—Republican differences over Housing legislation exploded on the Senate floor tonight as Senator Tobey (R-NH) shouted that a "little oligarchy" of GOP House leaders is trying to dictate what Congress can do.

He identified them as House Speaker Martin (R-Mass), majority leader Halleck (R-Ind) and Chairman Wolcott (R-Mich) of the House banking committee.

The Senate already has agreed to vote tomorrow on a slightly modified version of the Taft-Ellender-Wagner housing bill containing public housing and slum clearance provisions. It was reported out today by a 7-5 vote from the Senate banking committee.

Senator McCarthy (R-Wis) was urging the Senate to substitute a more limited housing bill backed by Senate and House leaders.

The T-E-W bill provides for government-sponsored housing, such as slum clearance, public housing, and aid for rural housing.

* * *

A SENATE committee headed by McCarthy has worked up a far less comprehensive bill. It was designed principally to spur production of low cost homes and large scale rental properties, principally through more liberal credit.

Senator Taft (R-Ohio) said today, after the Senate in a surprise move shunted the compromise aside and decided to bring up the T-E-W measure, that he would back the McCarthy bill instead of his own.

He said he felt his bill could not pass now.

Tobey did not agree. Blood

HOUSE APPROVES BUYING CURBS

GOP Anti-Inflation Bill Sent to Senate; Demands By Truman By-Passed

WASHINGTON, Aug. 5 (AP)—The GOP Anti-inflation measure was passed, 264 to 97, today by the House in a sharp rebuff for President Truman who only a short time before had labelled it a "feeble compromise."

The measure calls for restoration of wartime controls on installment buying, and a moderate tightening of bank credit. It ignores the President's demand for rationing and price-wage control powers, and for an excess profits tax.

The bill was rushed to the Senate as Republicans leaders drove for adjournment of the extra session of Congress Saturday night, or next Tuesday at the latest.

* * *

BUT PLANS FOR swift adjournment were imperilled by a wide-open split within Republican ranks on the housing issue.

The Senate banking committee, in a surprise move, dumped overboard a housing bill sponsored by Senator McCarthy (R-Wis) and sent to the Senate floor a revised version of the Taft-Ellender-Wagner housing bill, backed by President Truman.

This was a new flareup of an old battle. The T-E-W bill, which has been sponsored by Senator Taft (R-Ohio) among others, is designed to encourage the construction of 15,000,000 homes in ten years.

* * *

TWO FEATURES OF it, in particular, have aroused controversy. They call for Federal loans and subsidies to help clear slums and for Federal financing of low-cost homes, which would be owned by public housing agencies in various communities.

Some House leaders have branded the public housing feature "Socialistic." The bill offered by Senator McCarthy, with the backing of a joint Senate - House committee,

Truman Terms Red Hearings GOP 'Cover-Up'

WASHINGTON, Aug. 5 (AP)—President Truman angrily accused the GOP Congress today of dragging a "red herring" across the trail to distract attention from its "feeble compromises" on the cost of living issue.

His "red herring" remark referred to the current investigations on Capitol Hill, which have produced charges that government officials were involved with a network of Communist spies during the war.

Mr. Truman at a news conference opened fire anew on the legislators for ignoring his demands for rationing and price-wage control powers.

Republican leaders immediately replied that the people will decide the issue in November.

"We do not intend," said Senator Taft (R-Ohio) "to reimpose on the American people the police state methods of price fixing, wage fixing and rationing ended by the President's own order."

* * *

TAFT DECLARED the President already has many powers to curb inflation. And Senator Brewster (R-Me) charged that the administration, despite its call for lower prices, was forcing wheat prices up by increasing its wheat export goal

California 'Suicide' Believed Red Hoax

SAN FRANCISCO, Aug. 5 (AP)—Police inspector Thomas Fitzpatrick expressed belief today a "suicide note" and women's clothing found on the Golden Gate bridge were a Communist hoax.

The officer, who specializes in Communist investigations, said it was an apparent Communist effort to discredit the testimony of Elizabeth T. Bentley at the Washington spy inquiry.

The officer said a motorist had seen a San Francisco bound Chrysler sedan pause briefly early Wednesday morning on the bridge and throw what appeared to be a bundle of clothing onto the bridge walk.

11 Persons Killed As 2 Planes Collide

MIAMI, Fla., Aug. 5 (AP)—At least 11 persons were killed today when a Navy plane and a Stearman trainer collided near here.

The Navy would not reveal how many were aboard the Navy R4D, which corresponds to the C47 and the DC3, but the Florida highway patrol said 11 bodies had been recovered from the wreckage.

The two occupants of the Stearman bailed out and were unhurt. The Navy craft crashed into a field belonging to MacArthur dairy and ripped into the ground. The weather was good when the crash occurred about 6 p. m. (EST).

The collision occurred one mile northwest of Perry field near Hollywood, Fla. Tommy Poe, instructor, who was flying the Stearman, and his student, John Hackett, 21, bailed out.

Lt. Comdr. Ralph C. McGinley of the Naval air station here said it was not known how many naval men were aboard the plane nor if all were killed. He said no list would be available until next of kin had been notified.

Coast Guard Finds Wreckage of Plane

NEW YORK, (Friday) Aug. 6 (AP)—A dispatch to Coast Guard headquarters here early today from the Coast Guard cutter Campbell said there "is little doubt" that wreckage found yesterday in the South Atlantic came from a missing French flying boat with 52 persons aboard.

The dispatch was received from John Folk, a Coast Guard correspondent aboard the Campbell.

He said the cutter had found "numerous bits of wreckage a short time after connected seats had been plucked from the ocean with grappling hooks a scant 70 miles off the normal course of the Air France plane."

Folk quoted Capt. Beckwith Jordan, the Campbell's commanding officer, as saying that "there is little doubt that the wreckage and debris seen today by crew members of the Campbell came from the plane being sought over many hundred square miles of ocean by planes and ships."

The Cutter Campbell has been engaged in the search for the huge Air France seaplane since the ship was reported missing Sunday, with 52 persons aboard.

Coast Guard headquarters said the Campbell's position was off the central West Coast of Africa, directly west of Cape Blanco, at the time the wreckage was found.

* * *

THE 73-TON flying craft was en route from Martinique to West Africa and was 1200 miles off Dakar when its last signal was heard shortly after midnight Saturday.

A message from Martinique said the plane's last known position was 19:27 north and 38:25 west.

Coast Guard headquarters here said the Campbell's position at the time it found wreckage was within 100 miles of this position, off somewhat to the east and south.

The Cutter Campbell did not say whether the wreckage had been identified. It listed the following articles and fragments found floating in the ocean:

"Two airplane seats, one twin seat, one burned piece of felt-covered veneer panelling, one veneer locker door, a 1½ by two-foot piece of charred veneer table top, and numerous fragments of wooden wreckage, ranging from splinter size to three or four feet long."

* * *

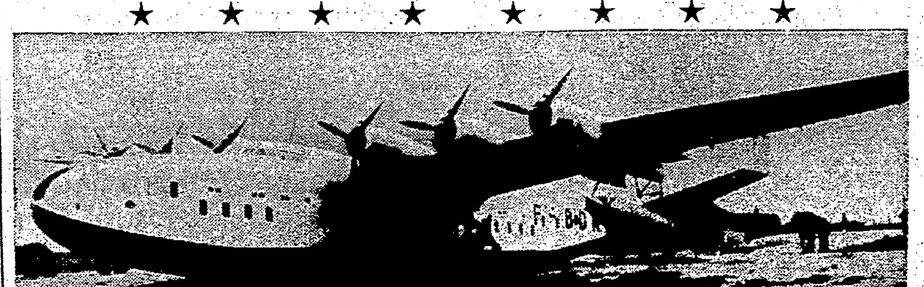

THE CUTTER SAID it was continuing to search for other wreckage.

In Paris hope dimmed for those aboard the seaplane.

Reports that the plane and its 40 passengers and 12 crewmen were

Firemen Taunt Rivals' Abilities In Water Battle

The cold war, the war of nerves set in yesterday with only three days to go before giant water battle Sunday afternoon in Manatawny park.

Boasts of increasing magnitude filled the air as two fire companies, the Good Will and the Philadelphia Steam Fire Engine company, announced the teams which will do or die with the nozzle Sunday afternoon at 1 o'clock.

G. Henry (Mike) Schmoyer, Phillies president, personally hurled his scorn at the Goodies last night. "Go ahead, get cocky," he said, oozing defiance. "The experts have now entered the battle."

* * *

THE PHILLIES picked nine men, six of whom will provide replacements for the first team should the Phillies advance in the eliminations on Sunday.

Four fire companies will stage eliminations to see who fights the police department. The battle with fire hoses will be for the benefit of The Mercury Relief Fund.

The Phillies nine water throwers are Victor Fegley, Charles and Louis Ulrich, Morris Boughter, Ralph Kulp, Edward Scheetz, Chester Stufflet and Leonard and Louis Mauger.

"They are all young men between 22 and 24 and the shortest stands five feet seven. Look out, Goodies!" chortled Schmoyer.

Good Will Company's License Suspended

The State Liquor Control board yesterday suspended the license of the Good Will Fire company for 60 days, effective Aug. 27.

The suspension cited sales of liquor to non-members, sales to intoxicated persons, maintainence of gambling devices and permitting gambling.

A hearing was scheduled before the board 10 days ago, but the company waived the session.

On what occasions liquor control board agents entered the firehouse to witness the alleged violations was not disclosed.

Attorney for the company Joseph L. Prince will file a petition for reconsideration of the suspension today or tomorrow.

No fine was levied upon the fire company with the suspension.

Materials Shortages To Reduce Auto Output in Detroit

DETROIT, Aug. 5 (AP) — At least 32,500 Detroit area auto workers will be idle next week because of materials shortages.

Production, meanwhile, probably will suffer a drop of more than 10,000 passenger cars.

Hudson Motor Car company, which closed its assembly lines the past week because of shortages of castings, indicated it had no immediate plans for recalling 20,000 workers now idle.

Another 9000 workers will be idled by a one-week closing, commencing tomorrow night, of the Packard Motor Car company assembly lines and the Briggs Manufacturing company Conner avenue plant. Briggs makes bodies for Packard.

About 3500 Lincoln Motor Car company employes, idle for several days because of a supplier's strike, have not yet been recalled.

* * *

HITTING THE CAR industry especially hard just as it expected to swing into high volume output, are wage dispute work stoppages in the Campbell, Wyant & Cannon foundry at Muskegon, Mich., and in the Timken-Detroit Axle company plant here.

The foundry at Muskegon closed since June 19, is a major supplier of cylinder blocks and other castings for the car makers. Hudson and Lincoln traced their shutdowns to the foundry strike. Willys-Overland resumed limited production at Toledo this week after having closed the past week because of the foundry tieup.

Industry analysts say if the foundry strike is not soon ended several other car and truck makers will be forced to halt production.

Second Group of 30 U. S. Superforts To Leave Today for Training in England

WASHINGTON, Aug. 5 (AP) — The Strategic Air commands' second bomb group of 30 B29 Superfortresses will leave tomorrow for England from the Davis-Monthan Air Force base, Tucson, Ariz.

The U. S. Air Force, in making the announcement today, said the group was going over on routine training and would replace in Europe the 301st Bomb Group of B29s which have been based in Germany.

The second bomb group, commanded by Col. Dalene E. Bailey, will be divided among the three English bases — Scampton, Marham and Waddington — to which two other bomb groups, the 307th and 28th, went recently.

* * *

THE AIR FORCE SAID there was no present plan to send the second bomb group to Germany. When they get to Europe they will be under the command of Lt. Gen. Curtis Lemay, commanding general of U. S. Air Forces in Europe, and he may order them where he pleases, the Air Force added.

The 301st Bomb Group is due to return to its home base at Smoky Hill Air Force base, Salina, Kansas. Commanded by Lt. Col Frank E. Ellis, it went over in June.

It was expected that the 301st will leave for home about the time that the second bomb group arrives overseas. This thus will not change the total number of B29s now in Europe. That number is 90.

State to Increase Aid For Persons on Relief

HARRISBURG, Aug. 5 (AP) — Needy Pennsylvanians on the relief rolls were promised a cost-of-living increase today in their State grants about Oct. 1. There are about 250,000 persons on the relief rolls.

Frank A. Robbins Jr., secretary of public assistance, said the details have yet to be worked out.

State employes recently were granted a 10 percent cost-of-living increase in salaries.

"Whatever increases are made will be in all categories except blind pensions," Robbins said. "Only the Legislature can change blind pension grants."

Robbins said the Oct. 1 date was selected because federal participation in old aged assistance and aid for dependent children will be increased then. The State pays the full cost of general assistance.

Calendar for Year Approved by Board Of North Branch CE

Plans for meetings to be held during the remainder of the calendar year ending in June, 1949, were made recently when the official board of the North Branch Christian Endeavor of Chester county met at the home of the Rev. and Mrs. Clayton J. Bates of East Nantmeal and Bethesda Baptist churches.

The meeting Tuesday will be a vesper service on the lawn of the East Nantmeal Baptist church. Gladys Klinger will play the accordion and lead the singing. Doris Seal will sing several numbers and Mary Clingaman will give several readings. Jane Hicks will be in charge of the meeting.

Other plans are as follows: September, youth rally will be held at Vincent Baptist church, Chester Springs, the first week in September; Junior rally will be held on Sept. 14 in the Nantmeal Methodist church; October, evangelistic meetings will be held from Oct. 24 through Oct. 31, with the Rev. Paul G. Jackson, gospel life portrait artist, of Providence, R. I.; and a stewardship meeting at Pine Swamp church.

In November there will be a social - literature meeting in the Parkerford Baptist church; and in December the annual Christmas program will be held.

* * *

IT WAS VOTED to pledge $100 to the county Christian Endeavor and one-quarter of the pledge was voted to be paid immediately. The remainder will be met in quarterly payments.

A competitive program between the various societies of the North Branch was suggested and a committee to act upon the suggestion will be appointed in the near future.

Greetings from the county CE were given by the county president Lee Hause.

Those attending were: Mrs. William Pennypacker, Misses Ruth Ayres, Jane Hicks and Mary Lippencott, Messrs. Hunter Painter, John Simon, Clarence Quay, Rob Roy Griffith, Brower Ellis, Roger VanValkenburg and the Rev. John Bixler.

Rev. Bates to Mark 5 Years at Charge

The pastor of the East Nantmeal and Bethesda Baptist churches, the Rev. Clayton J. Bates, will celebrate his fifth anniversary as pastor of the churches on Sunday morning.

East Nantmeal church, which had a membership of 48 five years ago, now boasts a record 93. The Sunday school has increased its membership from 48 to 84 and the average attendance at both Sunday school and church is between 70 and 75.

The young people's society has also grown, and it now has 16 active members.

Improving along with the attendance is the church building itself and the parsonage. Electric lights have replaced a Delco-system at the church and driveways have been paved. The parsonage has been covered with asbestos shingles and has had a modern bathroom installed.

The Bethesda church has increased its membership from four to 12 while the Sunday school has doubled its membership.

RIDGE ROAD

Miss Miss Patsy Hill entertained ten of her friends at a picnic luncheon at her home recently in honor of her seventh birthday anniversary. Guests were the Misses Donna Rexrode, Betty Jayne Hughes, Janice Eaches, Janice and Arlene Montieth, Mary Ann Roberts, Lois Roberts, Jeanne Perley, Judy Leager, Cathee Davis, Sandy Hill and Ralph Hill Jr.

The Rev. and Mrs. Lloyd J. Sandt, of Brownback's church, had the following as their guests: the Rev. Daniel Schaeffer, of Allentown, and the Misses Emily and Helen Schaeffer, of Emmaus. The Rev. Schaeffer is Mrs. Sandt's father while the two girls are her sisters.

The four church union service held on Sunday night at Brownback's church was attended by 117 people. The Rev. Alvin Alderfer, pastor of the Parkerford Church of the Brethren, brought the message. The Rev. Earl Marcus, the Rev. R. Fenton Duvall and the Rev. L. J. Sandt assisted with the service. The union service will be held Sunday night at the Church of the Brethren, the Rev. Duvall, speaker.

Mrs. Charles H. Robinson, of Harrington, Del.; Mr. and Mrs. George Brittingham and son, David, of Wilmington, Del., and Mr. and Mrs. James Robinson and family, of Schuylkill road, were recent dinner guests of Mr. and Mrs. Walter P. Cook.

Miss Ruth Kenaga, of Pottstown, was guest organist at Brownback's church recently.

Mr. and Mrs. Glenn York are parents of an infant son, born recently at Phoenixville hospital. The child has been named Ronald Wayne, and he has three sisters and seven brothers.

Cards are being received from Mr. and Mrs. Irwin H. Kulp and family, telling of an enjoyable motor trip through the West. The latest report was that they had reached Arizona. Their objective is Portland, Ore., where they plan to visit the Rev. and Mrs. Clarence W. Stauffer.

Miss Helen Latshaw, Miss Irene Moyer and Miss Christine Marshall, of Spring City, returned home recently from a conducted tour of the New England states.

Strength alone knows conflict; weakness is below even defeat, and is born vanquished. —Mad. Sweetchine.

A Strange Parallel

THE MERCURY'S front page daily tells how Communists are being ferreted out of high government positions.

Who, at those Washington hearings, can testify how far this country — which is supposed to be the leader of the anti-Communist forces of the world — has gone along the road which ends in Communism, dictatorship, and the destruction of property rights?

Here are some examples:

One plank of the Communist Manifesto, the century-old document which summed up in precise detail the principles of Communism, calls for a "heavy progressive or graduated income tax." We have an income tax so severe that the accumulation of substantial savings is virtually impossible, and the incentive to take chances, to build up new enterprise, to further develop the nation, has been deadened.

Another plank calls for "abolition of all right of inheritance." Our present inheritance tax laws approach that goal. In case after case, when the owners of a business die the enterprise must be sold to satisfy the tax collector.

Still another plank demands "centralization of credit in the hands of the state by means of a national bank with state capital and an exclusive monopoly." Today our Federal government, in one way or another, completely dominates the money supply, credit, and interest rates.

Another plank advocates the "extension of factories and instruments of production owned by the state; the bringing into cultivation of waste land, and the improvement of the soil generally in accordance with a common plan." It is estimated that the Federal government owns $150,000,000,000 of our national wealth. It has tremendous land and other holdings. It has gone into commercial business on a grand scale — as witness the Tennessee Valley Authority, and the various government-owned electric projects around the country.

Congress is to be commended for its consistency in opposing the extension of Communism at home as well as abroad. It can see its menace to our representative government, in Federal socialization of power with all that entails.

You're Not Singled Out!

ONE of the supreme resources against discouragement these days is fellowship.

That fellowship may begin as simple friendship, real friendship. Remember the old toast: "Here's to trouble. May it always chasten us and never overwhelm us."

Well, blessed are the friends we make in time of trouble.

They will not let us remain disheartened if they can help it. They challenge us in scores and hundreds of ways to be worthy of the confidence of which their affection and sympathy are signs.

And from the fellowship of kindred minds and hearts we may go on to that wider fellowship with life itself.

By this we mean a keen interest in everything that is going on around us; what is happening to other people and how they are taking it.

To be sure, when we are first hurt by the world our first reaction is to wonder: Why has this happened to us? Why were we singled out?

But we see after a while that we were not singled out, and are not an exception. Trouble comes to all.

And we come to understand that behind the cheerfulness and courage which meet us in other lives, there are burdens as heavy as any of our own. Wrote Longfellow:

> If we could know the secret history of our enemies, we should find in each life sorrow and suffering enough to disarm all hostility.

Yes, and all envy.

Pedestrians, Beware!

IF YOU'RE a pedestrian, (and aren't we all?) beware, especially in the face of the latest reports on highway safety.

Records gathered for the first six months this year show that pedestrians were in the majority as victims of automobile accidents, and not the drivers.

Maybe it's time to attach some safety devices to the pedestrian.

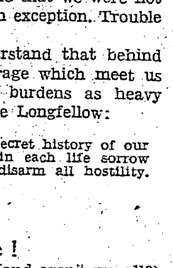

Of course, the majority of the pedestrians killed in being struck by motor vehicles, were not at fault, according to State records, but that still doesn't change the fact that pedestrians have been the target of a car much too often.

Grampaw Oakley

PUNKIN CORNERS,
August 5.

Editor, The Mercury,
Dear Sir 'n' Brother:

Wal, I see by The Mercury where bread eaten by US Olympic athletes is baked in Hollywood and flown to England. The idea being, no doubt, it will tend to make their performance epic and super-colossal.

Political campaigners used to say what this country needed was a good five-cent cigar. Most of us will settle for a good five cents.

And say: Gen. Omar Bradley says effort will be made to send draftees home as "friends of the Army." It's an ill draft that blows no good!

Hopin' you air the same,
GRAMPAW NED OAKLEY.

READERS SAY:

Housing Inertia in Pottstown—Washington, Too

Done Elsewhere—Why Not Here?

To the Editor: I don't claim too much intelligence about the ways and means of getting more homes in Pottstown.

But this morning I read your reporter's remarks from builders in town about the big problems (pardon me, the gigantic problems) involved in getting more homes here. Financing seems to be the stickler. One contractor said flatly, "It could never be done."

Then can anyone in the building trade here answer this question: If it can't be done here, why can it be done in places like Scranton, Midland and Monessen?

Pottstown contractors are like all the rest of the Pennsylvania Dutch. They've been dead for 30 years, but no one has had the energy to put them in a grave and cover them up. They've demonstrated they know as much about what's going on in their business as I know about this year's rice crop in Lower Mongolia.

Coupled with this mental inertia is one obvious fact: Builders in town don't want anything to do with low rental housing when they're putting up homes and apartments to rent for $80 to $100 a month.

If this isn't true, now is the time to prove it!

Pottstown L.E.C.

No True Servants of People

To the Editor: Will someone please inform me on the duties of our Congressmen.

In school I was taught that Congressmen were elected by the people and sent to Washington as servants of the people. Today these same Congressmen hold prejudices and personal feelings above what is good for the people.

High prices on food and other necessities, high rents and the acute housing shortage have put the American people in dire need of immediate action.

Our President, realizing this and trying to help us, has called a special session of Congress.

Now we pick up the morning paper in anticipation, hoping to read of some of the achievements made toward housing and lowering the cost of living, etc. Instead, we read that our "esteemed" Congressmen are very peeved at having their vacations interrupted and, as usual, are bickering among themselves, completely ignoring the American people.

Now is the time for the "common" people to voice their opinions.

Is the American way of life that we just finished fighting to preserve crowded living conditions, sparse food rations and the highest of rents?

This special session of Congress must be made to understand that the anti-poll tax bill is infinitesimal compared to the critical housing shortage and rising food costs.

Wake up, citizens! Exercise your freedom of speech! Now!

'Too Narrow' When He's Sober

To the Editor: It amused me to read the remark made to a policeman by the Green Lane driver who was arrested after an accident on North Charlotte street.

"The street's too narrow," he said.

My friend, if that's the only proof they had that you were drunk, you should have gone free.

I have a tough time squeezing through on that street when I'm sober. And I wouldn't even attempt it when I've had a bit of the old grog.

Pottstown LEO H.

Noisy Motorcycles

To the Editor: For four out of the last six nights, a motorcycle has passed our home on Hanover street at about the same time of night, its motor sounding as loud as an explosion.

I suppose the rider thinks he is clever and is attracting a lot of attention. I agree he is attracting a lot of attention, namely, that of my husband who is trying to get some sleep, and my children who are hard enough to keep asleep on these hot nights, anyway.

This young man should attract more attention, the attention of our police officers. He is not the only motorcycle rider that does it. There are dozens in town.

Pottstown MRS. R.

Thanks From One Who Knows

To the Editor: My sincerest felicitations and thanks to you for your timely and provocative news story, pictures and editorial on the ragweed lots.

I for one . . . ahh . . . am a hay fever sufferer. I get it in the Spring-time, Summer and . . . ahhh . . . the Fall.

I am particularly glad, therefore, . . . ahhhhhhhh . . . when somebody does something about reducing the number of . . . ahhhhhhhhhhh . . . weeds.

Hoping you continue your campaign, I . . . ahhhhhhhhhhhhhh . . . remain,

Pottstown AHHHHCHOOO

Make Them Cut Weeds

To the Editor: Congratulations on your campaign against the property owners who permit their lots to be overgrown with weeds!

When these individuals plead lack of labor to cut the weeds, I say phooey! Anyone who has the wherewithal to own property and pay taxes on it should have the wherewithal to cut the weeds, even if he has to get out and do it himself.

Pottstown H.C.W.

Lights Slow Him Up

To the Editor: The system of turning off the electric traffic signals during the early morning hours should be put back into practice here. Or the signals might be switched on to an amber flashing light.

I'm a milkman and rarely meet another car at some of these intersections during my deliveries. I figure that I lose about 20 minutes every morning by being forced to wait for the lights.

INTERPRETIVE

Russians Do About Face, Boost European Trade

By J. M. ROBERTS JR.
(AP Foreign Affairs Analyst)

IN ONE RESPECT, which still remains to be tested in the field of action, Russian policy seems to have taken a twist toward international co-operation in the past few days.

Her representatives at the U.N. economic and social council meeting in Geneva suddenly dropped their attacks on the United States and the Marshall plan the past week, and now they have agreed to development, by the economic commission for Europe, of improved trade relations between East and West.

The council asked the commission to get its technical committees busy on actual trade negotiations, with Russia joining in the unanimous vote. This was quickly interpreted in some quarters as indicating she was ready to accept the facts of the continent's economic interdependence despite her opposition to the European recovery program.

Whether this was brought about by pressure from the satellites for trade which Russia could not satisfy, or whether it might have some connection with the current negotiations in Moscow, was not clear. Nor could its ultimate importance be determined until the deals get under way. Allied diplomats learned long ago that what Russia agrees to do and what Russia does are different matters.

* * *

MOSCOW'S AGREEMENT to negotiate over free navigation of the Danube, with the subsequent revelations that it meant freedom for the Communist countries only, is a daily reminder.

Russia, however, has been trading with the West herself, and so have the satellites to some extent. There has not been an embargo on either side. But Russian demands on eastern European production, at jiggered prices and exchange rates, has served to stifle the trading ability of her sphere.

The crying need in Europe is an exchange of Western capital goods for Eastern food. If there is a gimmick in the latest Russian appearance of readiness to co-operate, this probably is it. Despite rosy crop reports from Russian sources, there is not enough food in eastern Europe this year, or else it is not being properly distributed.

* * *

YOU WOULDN'T CALL it starvation, but in some areas the only people who really get enough do so through food packages from America. Russia is apparently able to get enough food together here and there for political shipments, but people in industrial areas such as Czechoslovakia, where postwar recovery has been above the European average, are still short.

A part of the economic commission's program, of course, is to ship machinery and consumer goods which farmers can buy for the purpose of increasing Eastern food production. But for the immediate future the East may be able to supply less than was hoped for when Western needs were being estimated the past year.

Be that as it may, the Russians at Geneva have given at least a brief flash of hope for a lessening of cold war pressures. The question is whether it will produce real trade, or merely result in more "Belgrade intransigence" when it comes to working out details.

The Worry Clinic

By DR. GEORGE W. CRANE

PAULA G., 27, is a talented private secretary.

"Dr. Crane, I met a young man three months ago who literally swept me off my feet," she admitted anxiously.

"Many other men have dated me, for I have been fairly popular. But I have never given in to any man until I met Bill. I don't know what made me do it, but I loved him so.

"He is well educated and has a good position, although his salary isn't very much yet. And he is a wonderful dancer! Oh, Dr. Crane, a girl can just float away while in his arms.

"But I am getting a little worried about us. He borrows money from me but never thinks to pay it back. Last month he asked me to lend him $25 to buy a birthday gift for his mother.

"But he failed to send me so much as a greeting card on my own birthday, although he knew I was having a birthday. We quarreled about that and I finally told him I was going out with other men again.

"But he ordered me not to, saying nobody else would be as satisfactory as he is, and I'd be unhappy. Dr. Crane, what would you advise?"

* * *

TOMORROW I HOPE you will read about Zola's husband, and see just what Paula is heading for if she continues with Bill.

Like thousands of other young women, Paula has made a poor choice of a boy friend, and she was very stupid in granting him sexual liberties.

She cites the fact that Bill is such a wonderful dancer. Well, it is high time that young people understand what dancing represents. It is a sexual outlet or sublimation among young people.

After marriage, people seldom dance, especially if they are sexually compatible. For dance halls are popular chiefly with young people and the sexually mismated.

If a girl refuses to use her brain when she chooses a boy friend but lets her emotions determine her choice, she is little above the level of the animals, who also simply follow their sensuous appetites.

Repeatedly I have warned you young people to use your intelligence when selecting a sweetheart. Make sure you have chosen quality stuff instead of inferior merchandise before you pay the price. Get a bargain at the marriage counter!

And remember, when you marry, you pay full price. Be sure, therefore, that you get your money's worth.

Why will otherwise intelligent young women be so stupid? Why will they gamble everything with no assurance of marriage? Well, it means that emotionally they still react at a childish level even though they may have superior brains and college educations.

No sensible young woman should permit herself to be seduced by graceful dancing skill so that she surrenders her happiness into the hands of a cad or a sissy.

Make sure your boy friend can bring home a regular pay check. And avoid the male sissies who sponge on women and take money from them.

JOBS UPON A TIME

After finishing school Edward Hastings (Senator) Ford, creator and a star on radio's Can You Top This? began his writing career by cartooning before clubs and banquets, but found his witty comments more popular than his drawings. He entered vaudeville and played from coast to coast. He got the idea for his radio show when he was swapping stories with friends at the Lambs club and sold it to the network. Ford got the name "Senator" when he appeared at a banquet with five real senators. He has been a popular after dinner speaker. Ford is a direct descendant of the 1640 settlers of Southold, L. I., where he spends part of each year.

Irene Beasley began a professional career after her graduation from college as a teacher in Mississippi and Tennessee. During vacations Irene sold records in a phonograph shop and sang the songs in a five-and-ten. One day she wrote a song of her own which her father published. Next she found a piano player who promised to plug the melody if she would sing it, which she did. Irene launched her radio career in Memphis in 1928, then spent a year in theaters, studios and night clubs. On the radio Irene conducts a quiz between popular tunes on her five-a-week program.

MODERN MANNERS

If you have to call one of your office co-workers at his or her home and do not know who will answer the telephone, the correct thing is to ask for Mr. (or Miss) Jones, not by the first name. This rule of etiquette may be relaxed, however, if you know the whole family very well.

Hollywood

By EDITH GWYNN

HOLLYWOOD, Aug. 5 — Don't say we didn't tellya — just because it's so far ahead, but "The Great Sinner" will star Gregory Peck at MGM soon. And his leading lady will be Ava Gardner. Not bad for Ava — and she rates it. Remember we made a big fat bet here some months ago that this gal would reach full stardom before this year is out — and the crack still goes . . . World-shaking news dept: Claire James has changed her name to Carol Stevens and is billed as such in Leo McCarey's "Good Sam" with Annie Sheridan and Gary Cooper. . . . Madeleine Carroll and George Sanders are sure getting a "preview" of how they'll look in their old age — working in "The Fan." The story of a love-affair, ranges from 1900 to 1948 and their roles require them to age up to 85! It takes three hours each day just to make them up for the latter sequences.

WHEN FREDDIE ASTAIRE viewed "Easter Parade," he cracked, "Irving Berlin is different from the rest of Hollywood geniuses. He's a genius with genius!" . . . And we love Alan Youngs observation that movie stars are learning that if they don't behave in the hot spots — they'll wind up in the cooler! . . . Nancy Walker, of the Broadway stage, and Gar Moore, the new David Selznick star, who rushed to Mexico for an elopement over the week-end had known each other exactly three days!

* * *

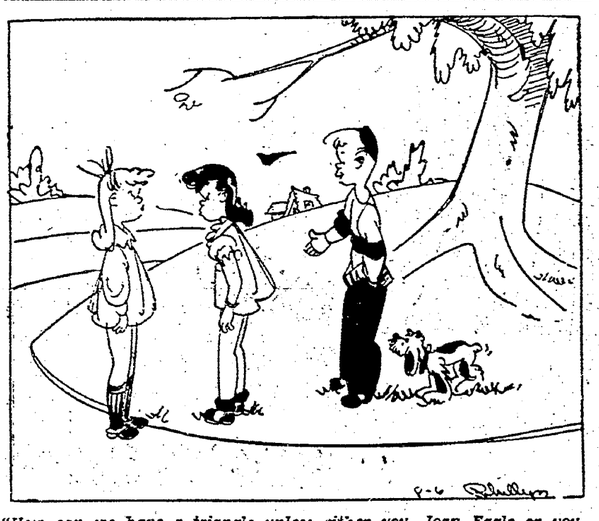

WHEN WE mentioned all the current activities of Gene Autrey the other day, including the info that he'd written his next, "Twilight Over Texas" and the song to go with it, we forgot to tell you that Gene is also at present dickering for the screen rights to the biography of one of the first great stars of the moom pitchers—none other than "Broncho Billy." Bill Anderson (that's his real name) is still alive—but nobody knows just where he's living at the moment. Autrey and his producing partner, Armand Schaefer are trying to locate him because they figure something should be done for this great idol of yesteryear—while he's still around to enjoy it!

NOBODY RECOGNIZED Carmen Miranda when she flounced into Mocambo the other night without any "fruits and vegetables, Xmas tree ornaments, etc." on her head. In fact she was wearing no hat at all. And for her, that's being out incognito! . . . Fevvens sake! We have an advance copy of the September Photoplay (out Aug. 11th) and it carries a complete story of the Ty Power-Linda Christians marriage! However, the knot-tieing doesn't take place until January.

Stowe Lad Moves Up... To Plump for Peace...

JOB — Carl Delacato, 27 Berks street, Stowe, has been appointed supervisor of the junior school at Chestnut Hill academy. He will fill the position formerly held by Bryce E. Maxwell, who will become headmaster of the junior school at Williston academy, Easthampton, Mass. Delacato has been closely associated with Maxwell at the school for the past few years. President of the West Pottsgrove Civic association, Delacato attended the West Pottsgrove schools and was graduated from Pottstown High school in 1941. He received his bachelor of science degree in Education from West Chester State Teachers college where he majored in elementary education. Then he received his master's degree at the University of Pennsylvania, majoring in psychology.

TRAVELER — Barbara J. Dietz, who was graduated from Ursinus college this past June, will attend the first assembly of the World Council of Churches to be held in Amsterdam, Holland, August 22. Miss Dietz, daughter of the Rev. Purd Dietz, will attend as a representative of the youth of the Evangelical and Reformed Church. Her father now is an instructor at the Eden Theological seminary, Webster Grove, Mo. Miss Dietz, while at Ursinus, was active not only in youth work connected with the Evangelical and Reformed Church, but also with the YWCA.

HIGH WATER — Eight fishermen, seven of them from Pottstown, gave up porgies in favor of poker and pinochle Wednesday night when they were marooned on Deal Island, Md., after high water flooded the causeway leading to the mainland.

The eight were William Roth, 172 Rowland street; Daniel E. Ellis, 469 North Evans street; Arthur S. Kepner, 121 North Hanover street; Harry S. Kepner, 363 North Charlotte street; Frank Hutt Sr., 324 Highland road; Elmer H. Young, 129 Walnut street; Howard Field, 1016 Rambler avenue, and John Hutt, Upper Darby.

They left Pottstown at 2 o'clock Tuesday afternoon, planning to reach Deal Island early that evening and to rise early Wednesday morning to fish Chesapeake Bay.

When they returned to the island Wednesday afternoon, however, they found the causeway flooded by high water. Taking their situation calmly, they made themselves at home with big seafood dinners and several decks of cards. They returned home yesterday after the high water receded enough to allow them to drive their cars across the bridge.

CONVENTIONERS — Albert B. Prince and Paul Hromsko, a couple of Pottstonians who weathered some of the heaviest and lengthiest fighting of World War II in Europe as members of the Army's First Division, are readying themselves for a gala reunion. It will be in the form of a First Division convention in Philadelphia September 3, 4, 5 and 6, and will attract warriors from all over the nation . . . Midshipman Jerome E. Johnson, son of Ralph C. Johnson of The Hill school, is participating in a two-month naval reserve officers training cruise aboard the aircraft carrier USS Boxer.

YOUR HEALTH

By HERMAN N. BUNDESEN, M. D.

PEOPLE are often confused about goiter because they think of it as a single, definite disease. The word itself simply means an enlargement of the thyroid gland but, as a matter of fact, there are several kinds of these enlargements, some much more serious than others, and all demanding different management.

It is well known that iodine is used in the treatment of goiter but most people do not realize that it is also helpful in deciding just which type of goiter is present.

Now iodine is used by the normal thyroid in making the secretion which this gland forms. But, when iodine is given, the normal gland reacts to it very differently from one which is diseased. For this reason it is important in diagnosis. During the first few hours of the administration of the iodine, the normal gland takes up the iodine, but very little of it is stored. Of course, the thyroid gland needs a small amount of iodine regularly in order that it may form its secretion.

In simple goiter, in which the only abnormal condition present is the enlargement of the thyroid gland, the iodine is taken up and retained during the first 24 hours it is administered. When, in addition, there are toxic symptoms, such as rapid heart-beat, increased sweating, nervousness, and irritability, the thyroid takes up the iodine rapidly during the first four hours it is given and then discharges it into the blood.

Recently, radioactive iodine has been employed in the treatment of toxic goiter. The radioactive iodine is taken up by the thyroid gland and, following its use, the goiter diminishes in size. However, this preparation has not as yet been employed for a long enough period to know its exact effect or the ultimate results of its use. It has been found effective in treating cancers of the thyroid gland in those cases in which cancer cells have been carried by the blood from the thyroid gland to other parts of the body.

Other preparations useful in toxic goiter are thiouracil and propylthiouracil. These drugs also reduce the activity of the thyroid gland and lessen the symptoms of the toxic goiter. In some cases, they will even bring about a cure. However, in most instances, they are employed only to reduce the severity of the symptoms and to allow building up of the patient so that operation for the removal of the thyroid gland may be undertaken with safety.

Personalities in the News

ACTRESS MARTHA Stewart, in gaining a divorce from comic Joe E. Lewis, told the court that he devoted more time to playing gin rummy than he did to his marriage.

Hoffman

"He spent all his time on card games and race track gambling," she said. "I never got to see him or talk to him alone as he always had strange characters with him. He took our marriage lightly, like everything else," she concluded.

Rep. Clare E. Hoffman (R-Mich) finally got an answer to the $64 question.

Hoffman, who is conducting a special investigation of three-months-old strike at the Dayton, Ohio, plant of the Univis Lens company, has been asking a parade of union officials that all important question:

"Are you a Communist?"

Well, the other day, in contrast to a mounting list of refusals and "it's none of your business," Hoffman finally hit the jackpot and got an outright answer which probably surprised him no end.

He asked James Kraft, president of the United Electrical Workers union and Kraft answered:

"No, sir, I am not. I have no use for them."

DURING a recent civil rights debate in the Senate, from which, finally, the anti-poll tax bill was killed, Senator Stennis had concluded his argument on the bill.

Sen. Vandenberg

Senator Jenner (R-Ind) took the floor and rapped the Agriculture department's crop control prices. Just as Jenner sat down, Senator Lister Hill of Alabama jumped up and demanded recognition in a voice so loud it startled those present.

Then he said quietly: "I just wanted to put something in the record."

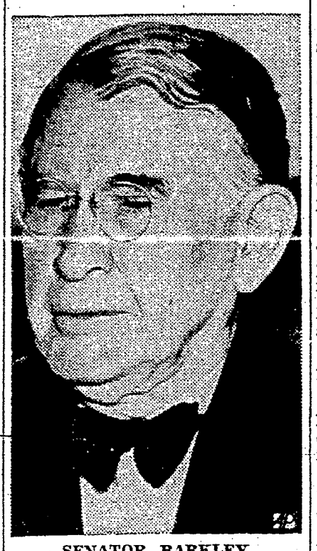

Senator Vandenberg, (R-Mich) looked down from his presiding officer's chair.

"I thought the place was on fire," he said.

HERE IS A belated story of the Democratic National convention.

Senator Alben Barkley of Kentucky, who was later nominated to run as President Truman's partner,

SENATOR BARKLEY
. . . too much Pepper

was asked about a boom that was developing in the South for Senator Claude Pepper of Florida.

"Down my way," Barkley said, "There was a preacher once who was praying that his hungry congregation might get some food.

"'Lord,' he said, 'we'd like for you to send a few barrels of flour, 100 pounds of side meat, a barrel of salt, and a barrel of pepper—

"'Oh, shucks, no Lord—that's too much Pepper.'"

The next day, Senator Pepper announced his withdrawal from the race.

JOHN DAILY, chief rainmaker at Waynesburg, Pa., is still moaning the fact that it didn't rain on July 29 in Waynesburg. This is almost an unheard of thing, having happened only five times in 71 years.

Each year, Daily bets a hat with some famous personality and, naturally enough, he wins the majority of the bets.

The past year, Bing Crosby was the loser and this year, Charlie McCarthy was picked as the "sucker."

After it failed to rain on the 29th, Daily muttered: "The only thing that's worrying us are the dimensions for Charlie's hat. But doggone it—to think I had to lose a bet to a blockhead."

ROLAND M. VALLET, 61-year-old San Bernardino, Calif., man, wanted to commit suicide — but he wanted to do it his way.

For six months, he had a secret project in his garage and he refused to tell his wife what it was.

The other day, she heard an explosion and found her husband dead — shot by a cannon that he had built himself. He blamed ill health for his actions.

COL. ROBERT R. McCormick, Chicago publisher, is convinced that the United States is an important place and he doesn't think that New Yorkers realize it.

The colonel returned recently from a trip to Europe and on his return he said:

"I think America is four times as important as I thought before I left. It is ten times as important as the average man thinks, and 100 times as important as the average New Yorker thinks."

"If I have been an intense nationalist in the past, I am twice as much so now."

44 Workers Killed In Coal Dust Explosion

FRANKFURT, Germany, Aug. 5 (AP)—Forty-four men in a Russian zone power plant were killed in a coal dust explosion, the newspaper Frankfurter Neue Presse said tonight. In a dispatch from Leipzig, the paper said a lack of repair equipment that normally is shipped in from the western zones led to the explosion in Troeglitz.

Because of a Russian order, no freight traffic is running between the western and eastern zones.

Walter A. McCardell, corr. Phone Eagle 38-R-3. Lile McDonald, delivery. Phone Eagle 49-R-22.

Mr. and Mrs. Robert Otterbein spent a day recently in Byers as the guest of Miss Virginia Taylor. The day's activities consisted of swimming, pitching horseshoes and badminton.

D. Darlington, of Broomall, is spending part of his vacation in Font with his grandfather, O. G. Darlington. Miss Sara Shull, of Bywood, an aunt of Mrs. Darlington, is also a guest at their home.

Tomorrow is picnic day for Windsor Baptist Sunday school. In case of rain, the picnic will be held indoors.

Mr. and Mrs. George Benham entertained Mr. and Mrs. Paul McCardell at dinner recently. During the evening, other callers were Mrs. Hanawalt and Mr. and Mrs. John T. Johnson, of Chester, and Mr. and Mrs. Silas Irey, of Glen Moore.

Mr. Norman Gordon and Miss Josephine Warner, of Chicago, Ill., are vacationing at the home of the former's parents, Mr. and Mrs. Walter Gordon, of Byers. While here, they will visit Atlantic City, accompanied by Miss Alice Gordon. Gordon will also visit a former Army buddy, whom he met during the war, in Collinsville, Conn.

Mr. and Mrs. John W. Sharp, of Byers, are receiving congratulations on the birth of a daughter recently in Chester county hospital.

Miss Arlene Moore, of West Chester, spent the weekend with Miss Janet Scheetz at her home in Eagle.

The Willing Helpers class of Windsor Baptist Sunday school is looking forward to a picnic which will be held at Hershey park in two weeks.

Mr. and Mrs. Elmer McCardell and daughter, Virginia, of West Chester RD, have returned home after a week's vacation in the mountains near Canton.

Mr. and Mrs. William MacCleary, of Booths Corner, and Mr. and Mrs. Harold MacCleary, of Elam, Delaware county, were callers at the home of Mr. and Mrs. Walter A. McCardell recently.

Miss Ann Johnson, of Chester Springs, visited her friend, Miss Doris Gottier recently.

Mrs. Ernest Davis and sons, Ernest Jr. and Dickie, of Byers, visited the former's mother, Mrs. Wilmer McVaugh, at Milltown, to congratulate her on her birthday anniversary.

Mrs. Ada Paige, of Downingtown, celebrated her 91st birthday anniversary recently. She was honored in Windsor Baptist church where she is a regular attendant. Several of her favorite hymns were used in the service and she was paid a tribute by the speaker. Besides being showered with birthday cards, Mrs. Paige received many gifts, including flowers from Lyndell Grange and the Christian Temperance league of Lyndell.

The Rev. Floyd Van Valkenburg was called to the bedside of his father in Westkill, Catskill mountains, N. Y., recently. Word has been received that in spite of his advanced age and a serious operation, the patient is improving.

Miss Sara Funderwhite and Mrs. Joseph Taylor spent several days sight-seeing in New York City. Miss Ruth Sussex and Thomas Leonard, of Astoria, returned home with them to spend several days with the Taylor family.

WOMEN GET RESULTS

NUERNBERG, Germany, Aug. (AP) — Several hundred German women started a near riot today with some food merchants, police, said. They thronged moisily into shops protesting the prices of fruits and vegetables. Police said the merchants quickly reduced their prices.

Bechtelsville Textile Firm to Celebrate Tenth Anniversary at Luncheon Tonight

Tonight, at the Washington house, near Bechtelsville, the Superior Underwear mill, Bechtelsville, owned and operated by Lloyd W. Wagner, of Boyertown, will mark the tenth anniversary of the establishment of the business, when the owner, 135 employes and friends will enjoy a buffet luncheon, entertainment and dance.

The plant, which occupies a four-story building, each floor with a 120x40 foot floor space, today is one of the busiest textile plants in this area.

Founded in 1938 by Wagner and Elwood Ritter, a former Boyertown merchant who died in 1942, the business, originally was located in Trumbauersville, Bucks county. At that time the first payroll was approximately $500.

* * *

IT WAS IN 1939 that the industry, by reason of its development, was brought to larger quarters in Bechtelsville. Today's weekly payroll is approximately $4500. The plant now is operating at full capacity.

At this anniversary observance of the founding of the industry, a special recognition will be given to three persons who have been employed by the firm for the past ten years.

They are Helen Oswald, of East Philadelphia avenue, Boyertown; Mrs. Edna Fryer, 135 North Walnut street, Boyertown and Alfred Vanim, Bally. For their faithful and untiring service, each will receive a gold wrist watch.

Hartman's orchestra will provide the dance music.

In connection with the anniversary there has been published an illustrated 12-page booklet. It contains pictures of all of the employes in every department of the plant, the gold watch winners, and interior views of each of the departments throughout the plant.

Bally Councilmen Review Details of Autoist's Hearing

Bally borough councilmen Monday night heard a detailed report on the speed violation case involving their special police officer and its disposition by a justice of the peace. The accused violator was a prominent citizen of that community.

The councilmen said this casts no reflection upon the special officer, Douglass Zook, who discharged his duty as he was directed. Neither does it merit any discredit upon the justice who, in his opinion, had filed a wrong charge against the motorist offender.

The offender had paid his fine and costs by waiving a hearing. His check, however, was returned and the case dismissed because of a misunderstanding and wrong interpretation of the vehicle code.

* * *

COUNCIL STOOD FIRM in its original demands that no favors were to be shown to anyone, and when the officer resumes active duty, he will have full authority to prosecute all offenders of the vehicle code.

Likewise, the justice who is to handle all such cases is to bring the charges under sections of the code which cannot be misconstrued as it was in the first case.

Speed regulations will be strictly enforced. State authorities have approved the erection of proper warning signs. Enforcement will be made by timing and clocking, according to the methods prescribed by law.

Speed signs will be erected in the future.

Future Bride Feted At Surprise Shower

A miscellaneous surprise shower was tendered Miss Jeanette Johnson, daughter of Mr. and Mrs. Charles O. Johnson, 28 East Fifth street, Boyertown, recently, arranged by Mrs. Richard Bertz, 124 South Washington street.

Miss Johnson will become the bride of Robert B. Koch, of Reading, on Saturday, Aug. 21.

Many beautiful gifts were received by the honored guest. The room was decorated in a blue and white design and included a sprinkling can with streamers falling on an umbrella. A light luncheon was served by the hostess.

Those present included: Miss Mary Sayshen, Mrs. John Weber, Mrs. Earl Benfield, Miss Janet Shell, Mrs. Charles O. Johnson, Mrs. William Gabel, all of Boyertown; Miss Betty Reichert, Miss Phyllis Levengood, both of Gilbertsville; Mrs. William Campbell, Gilbertsville, RD; Mrs. Ralph Ackerman, Pottstown; Miss Marguerite Otis, Barto, RD; the hostess, Mrs. Richard Bertz, and the honored guest, Miss Johnson.

Verna M. Schoenly Becomes Bride of Frank A. Leister

The marriage of Miss Verna M. Schoenly, daughter of Mr. and Mrs. Warren W. Schoenly, Sassamansville, to Frank A. Leister, son of Mr. and Mrs. Oliver B. Leister, Obelisk, was solemnized the past Saturday afternoon at 3 o'clock in the parsonage of the Rev. Charles H. Brown, pastor of Keelor's Evangelical and Reformed church, Obelisk.

The bride was attired in a pink net gown with a sweetheart neckline, cap sleeves, and fitted bodice which came to a point at the waist. The skirt was of ballerina length and very full. Her headdress was of pink rosebuds, attached to her veil, while she wore a corsage of white carnations.

Mrs. Linwood Schoenly, a sister-in-law of the bride, served as matron of honor, and only attendant. She wore a gown of light blue with matching halo.

Linwood Schoenly, brother of the bride, was best man.

The bride is at present employed at the Sassamansville Clothing factory, while her husband is employed at the Superior Tube company, Collegeville, after having served in the U. S. Army for 34 months.

Evangelical Church To Resume Vespers

Vesper service will be resumed in St. John's Evangelical church Sunday, Sept. 12, the day of the Festival of the Harvest.

The Children of the Church will resume their meetings on Tuesday, Sept. 14, at 3:45 p. m. Mrs. I. Ralph March will serve as the leader and Mrs. Russell Geiger as the treasurer.

Annual Departmental Rally Day will be held Sunday, Sept. 26 at 9:00 a. m.

DEATHS—FUNERALS

MAHLON Y. HERBST, 80, of **OLEY, RD**, died yesterday in the Pottstown hospital.

He was a retired farmer and a lifelong resident of Oley Township, son of the late Reuben and Matilda (Yerger) Herbst.

He was a member of Friedens Reformed church, Oley.

Survivors include a number of nieces and nephews.

Funeral services will be held from a funeral home at 124 West Philadelphia avenue, Boyertown, on Monday at 2 p. m. The Rev. Earl G. Wolford will officiate. Interment will be made in Friedens cemetery, Oley.

Firemen's Faces Red; Second Building Burned

JOHNSTOWN, Aug. 5 (AP) — The Oakland suburban fire department is in the market for a fire-proof firehouse.

Eight years ago the department's building burned down. A fine, one-story brick building replaced it.

Today the volunteers scrambled out of bed to answer an alarm. They didn't have to go far—their fire hall was on fire.

Tulip Girl

Costumed Peggy Ellert, 4, of New York City, fills her hands and wooden shoes with tulip bulbs as she returns home on the Veendam from Europe. The bulbs are the season's first from Holland, and next Spring will blossom out to add to the beauty of America.

Two Children Baptized By Borough Pastor

The Rev. David F. Longacre, pastor of St. John's Evangelical Lutheran church, the past Saturday baptized Rena Diane, daughter of Carl W. Reitnauer, and Mildred M. Moyer. The mother was the sponsor.

John David, son of Walter H. and Dorothy E. Myers Eberhart, also was baptized Saturday. The parents were the sponsors. Both children were baptized at the parsonage.

Casket Company Worker Stricken by Heart Attack

Clarence B. Gottshall, 30 West Fifth street, was stricken with a heart attack the past Monday afternoon at 2 o'clock while working at the Boyertown Burial Casket company. He was taken to his home immediately and wil remain in bed for a few days.

Gottshall has been employed at the casket plant for nearly 43 years. He is widely known in sporting circles. For 25 years he has been target chairman for the Boyertown Rod and Gun club, Inc., and was given a testimonial shoot the past month.

Three Russians Wreck House in U. S. Zone

STUTTGART, Germany, Aug. 5 (AP)—Three Russians crossed into the American zone, wrecked a German household and attempted to rape one of the women, the U. S. constabulary reported tonight.

Five shots were fired during the disturbance and two Germans were struck over the head with rifles, the announcement said. Most of the furniture was wrecked.

Constabulary headquarters said the incident occurred at Welitsch, 300 yards inside the American zone, yesterday.

Full Officer Strength Approved for Guard

WASHINGTON, Aug. 5 (AP) — Expansion of the Pennsylvania and other National Guard units to full officer strength was authorized today.

Major Gen. Kenneth F. Cramer, head of the guard bureau, issued the order under which officers no longer will be charged against the unit quota.

Pennsylvania's new quota of enlisted men was set at 18,101. Previous quota of 19,194 included approximately 2250 officers so that a net gain of more than 1000 enlisted men is realized under the order.

Cramer said the move was designed to build up the officer strength of the expanded State guard units.

Emotional Appeal Of Communism Cited By Navy Officer

Communism has gotten a foothold in the United States because the ideology has two significant appeals, according to Lt. Commander John H. Brownlee, USNR, Graterford, who spoke at a meeting of Royersford Lions club Wednesday night.

Brownlee, who served six years with the Navy, spoke on the theme, "Current World Affairs," in which he explained the appeals are an emotional appeal aimed at all economic groups, and its chief attraction in its denunciation of religion, causing many people to lose faith in the Kingdom of Heaven and thus point to Communism as a faith that answers the Godless attitude.

This nation is headed for war sometime, unless there is an internal uprising in the USSR, he went on. In this connection he singled out significant danger areas where only an incident could enflame the world in another disastrous encounter.

* * *

"THERE EXISTS a skepticism throughout the country concerning a war. Some feel that this threat is overplayed with political gain as an end. Some of the suspicion is warranted and some of it is not. However, the condition in the world today is serious," he asserted. "The arms race is on."

"It is inevitable," he declared, "that within a few months some serious condition will arise and no doubt will produce more war scare in this and other countries."

He added that up until recently the U. S. has been losing the "cold war" with Russia, but now this country has forced the Soviet into a position whereby she is reluctant to back down without a show of force.

He affirmed Russia has the know-how of the atomic bomb, but that she could not utilize it for at least two or possible three years.

MEETING POSTPONED

In line with its custom of dispensing with August meetings, Royersford school board did not meet in monthly session last night. The next meeting will be held Thursday night, Sept. 2.

Wooden airplane propellers can be electroplated to provide resistance to abrasion and warpage.

War Hero

Last rites for Pfc. Theodore C. Stoudt, son of Mr. and Mrs. Russell R. Stoudt, 205 Seventh avenue, Royersford, will be held tomorrow morning with services at an East Greenville funeral home, a solemn high requiem mass in St. Philip Neri Catholic church, East Greenville, and military rites at Holy Cross cemetery, Pennsburg. Stoudt was killed in action at Anzio, Italy, May 23, 1944, when he was 18 years old.

Garage Mechanic Admits Illegal Use of Sticker

A mechanic employed by a Phoenixville garage pleaded guilty to a charge of affixing a State inspection sticker to a vehicle that did not meet the State legal inspection requirements.

H. H. Dare, 309 Gay street, Royersford, was arraigned before Justice of the Peace George D. Ellwanger, Schuylkill township, where he was fined $25 and costs. The charge was brought by State Trooper Anthony Polonic, Coatesville barracks.

Royersford Enlistee Leaves for Training

Alvine DiGuiseppe, 19, son of Deodore DiGuiseppe, Palm road, Royersford, who recently enlisted in the U. S. Army Air Corps for three years, left yesterday morning for San Antonio, Texas, where he will receive his basic training.

Alvine was graduated from Royersford High school with the 1948 class. He was a member of the varsity football eleven.

Doll Show Postponed; To Be Held Tuesday

A doll show planned for yesterday as one of the highlights of the activities at Royersford playgrounds was called off because of rain, and was postponed to Tuesday afternoon at 2 o'clock. It will be held on the playgrounds of the Adams school building, Fourth avenue and Spring street.

Director Robert H. McNelly announced the playgrounds will close for the season Friday, Aug. 13.

'Ford Cyclist Fined For Reckless Driving

Anthony Dinnocenti, 440 Pine street, Royersford, was fined $10 and costs on a charge of reckless driving of a motorcycle. The charge was brought by Police Chief John Hanebury before Justice of the Peace Harvey A. Shakespeare, Spring City.

Spring City Band To Present Concert

Spring City High school band will present a concert on the high school parking lot tonight at 7:15 o'clock, with Robert W. Hallman Jr., directing.

In the event of rain, the program will be given Monday night. The band concert is part of the Summer playground activities. The playground will end Friday night, Aug. 13. Eugene Groff, of the high school faculty, has been director of the playground.

Vacationing With Mercury Readers

By THE VACATION EDITOR
of The Mercury

The silence in the little apartment was deafening. Bob and his wife hadn't had an argument for a whole month, and he was envisioning his marriage on the rocks. As long as they fought, everything was all right, but things had been going too smoothly.

Before they were wed, Betty said: "Bob—we're arguing all the time. I don't think we should get married." But Bob was a pacifier too, and he answered: "Angel pie, we both like to argue. We're naturals for it. Because I love you, there is no one in the world I'd rather fight with. Is there someone with whom you'd rather argue than I?" Betty truthfully said, "No."

So they tied the knot and argued happily ever after . . . until a month ago. Hardly a cross word in four weeks! He pondered: Maybe she's going out with another man . . . or working too hard . . . perhaps if we took a vacation . . .

That night, he told her they would go to the mountains for a week. Betty snapped: "Oh we will, will we? You know I hate the mountains. We were there last year, and I don't want them again. I want to go to the shore!"

Bob relaxed. "No, let's go to the mountains," he smiled, knowing that a battle was about to ensue.

Israel Ready to Talk Peace After Arabs Hint Willingness

TEL AVIV, Israel, Aug. 5 (AP)—Israel's government today made its first direct bid for peace negotiations with the Arab states.

The invitation followed hints by King Abdullah of Trans-Jordan, key figure of the Arab side, that he is ready to consider a compromise to end the 11-week struggle.

The proposal was placed before Count Folke Bernadotte, U. N. mediator, by Foreign Minister Moshe Shertok at the end of a three-hour talk.

"I approach you as mediator officially in behalf of the provisional government of Israel to transmit to the belligerent powers an invitation to meet the provisional government for peace negotiations," Shertok said.

* * *

THE REQUEST WILL be transmitted to the Arabs through the United Nations.

Shertok previously had made public statements urging Arabs to come to peace talks, but this was his first official approach.

Always the Arabs have rejected these feelers on the grounds peace negotiations would be a recognition of the Jewish state, something they have refused to entertain.

Yesterday at his capital of Amman, however, King Abdullah told a news conference his "Arab nation does not exclude any possible compromise that secures justice and prevents unnecessary bloodshed."

While declaring "we don't like that our country (any part of Palestine) should be taken from us," he said any new proposals for a settlement should be fully considered by the Arab states and not rejected outright as was Bernadotte's June plan which proposed a modified partition, creating a Jewish state and giving the Arab part to Trans-Jordan.

* * *

DURING THEIR three hour talk, Bernadotte and Shertok also discussed the problem of Arab refugees, the status of Jerusalem and other problems of the current Holy Land truce.

Reliable sources said the count opposed Israel's position that the Jewish army is at liberty to retaliate for Arab truce violations by striking anywhere. The count was said to have contended that Jewish forces had only the right to repel an attack.

Jerusalem Rocked By Arab Shellfire

JERUSALEM, Aug. 5 (AP) — A series of shell explosions rocked Jerusalem early today following a night of gunfire.

A press statement issued by the Israeli ministries of foreign affairs and defense said the Trans-Jordanian Arab legion and the Egyptian army facing Jewish areas from points in northern, eastern and southern Jerusalem had directed automatic weapon and mortar fire at various forward Jewish positions. No casualties or damage were reported.

An Israeli communique said five Arabs were hit when Jewish troops returned the fire.

Jews Hint at Peace Move

The Israeli government made its first direct peace negotiations bid yesterday when Foreign Minister Moshe Shertok (right) made the official announcement to U. N. Mediator Count Folke Bernadotte (left) in Tel Aviv. They invited the Arab nations to sit down and attempt to work out a permanent settlement.

U. S. Demands Even Break For West on Danube River

BELGRADE, Yugoslavia, Aug. 5 (AP)—The United States demanded today that the western powers be given an even break with Communist countries in the trading facilities of the Danube river.

This was the price tag put upon American approval of a new Danubian convention by Ambassador Cavendish Cannon. The chief of the U. S. delegation outlined the American proposal for administration of Europe's most important inland waterway after accusing Russia of seeking monopoly control and special privileges.

The U. S. plan obviously is designed for the record of the deliberations here. It has little chance of acceptance in view of the top heavy majority of Communist-bloc countries at the conference.

Cannon urged the creation of a Danubian commission far broader in scope than that sought by Russia. It should be made up, he said, of the big four powers and all the Danubian states, including Austria immediately and Germany eventually.

Under the Russian plan, the commission would be strictly a Communist affair with membership barred to the western powers. That plan left Germany unmentioned and would permit Austria's entrance only after an Austrian peace treaty had been granted.

Cannon claimed Russia, with her Danubian neighbors, had set up a monopolistic shipping system.

Two Cousins Killed From Ambush in Front of Courthouse

HYDEN, Ky., Aug. 5 (AP)—Two cousins were shot and killed from ambush in front of the Leslie county courthouse today in what relatives described as a renewal of previous "trouble."

One man was arrested several hours later on a charge of murder while state and county police searched for four other men on similar charges. Sheriff Wiley Joseph said he expected their arrest shortly.

The dead men were Burley Sizemore, 25, and John Henry Sizemore, 19, distant cousins, who lived near Hyden.

They were struck by bullets from rifles or pistols, Sheriff Joseph said, as they drove past the courthouse in an automobile with Gillie Woods, 21, and his sister, Mary Woods, 16.

* * *

WOODS AND HIS sister, the only known eyewitnesses, escaped injury.

Albert Napier, 20, was arrested this afternoon on the murder warrant. Murder warrants also were issued for Roy Morgan and Ray Morgan, brothers; James Feltner and Herbert Shell.

U. S. REDS TOLD TO PREPARE FOR CIVIL WAR IN '39

Party Was to Side With Russia If America Joined Britain as Ally

HONOLULU, Aug. 5 (AP)—American Communist party leaders ordered to prepare for civil war in the United States in September of 1939 if the U. S. entered the war as Britain's ally, Louis Budenz testified today.

The former editor of the New York Communist Daily Worker said the order came from Eugene Dennis, now general secretary of the Communist party in the United States, at a time when Germany and Russia were allies.

Budenz was the first witness in the Hawaii school board hearing on the suspension of two teachers accused of being members of the Communist party.

Budenz said Dennis was delivering the "party line" instructions from Moscow at a secret meeting in Chicago.

* * *

HE QUOTED Dennis as telling the meeting "to be prepared, if the United States enters the war on the side of Great Britain, to turn the imperialist war into a civil war and to stand on the side of the Soviet Union."

The two teachers are Dr. and Mrs. John E. Reinecke. They were suspended the past November and the current hearing is to decide whether they shall be ousted.

Robert H. Griffith, deputy territorial attorney general, had asked Budenz what would be expected of an American Communist in the event of war between the United States and Russia.

Budenz, after reciting the purported instructions from Dennis, said Communist party leader William Z. Foster also advised the editorial board of the Daily Worker shortly thereafter:

"Be on your toes for a situation where you might have to take a decided stand on behalf of Soviet Russia if the United States is involved in war on the side of Great Britain."

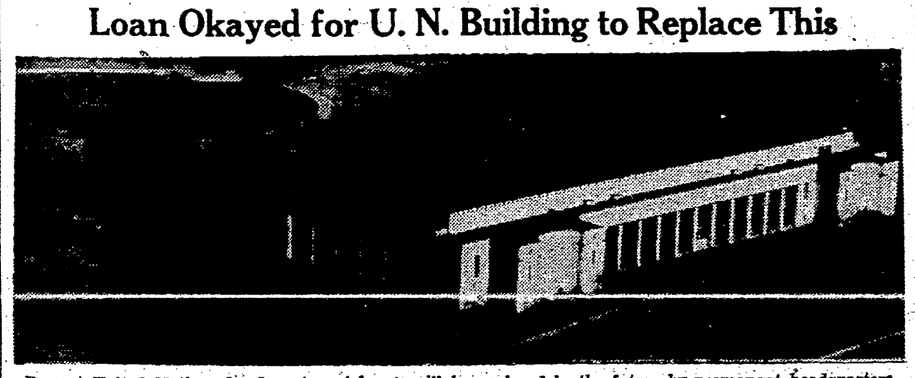

* * *

BUDENZ SAID IF he still were a Communist he would be required "to do anything to advance the victory of Soviet Russia over the United States in any conflict."

Budenz said that was the reason he left the Communist party in 1945.

Defense Attorney Richard Gladstein of San Fransisco heatedly challenged Budenz's qualifications for describing Soviet policy three years after he left the Communist party.

Loan Okayed for U. N. Building to Replace This

Present United Nations headquarters (above) will be replaced in the future by permanent headquarters. The Congress of the United States granted a $65,000,000 loan for that purpose yesterday. The loan is non-interest bearing and will run until 1982. The new headquarters are expected to be completed within two and one-half years.

Gang Slaying Is Hinted in Crook's Death

JOLIET, Ill., Aug. 5 (AP)—Authorities today suggested gang motives in the torture slaying of George (Red) Smyth, 28-year-old Chicago robber. His body was found last night stuffed in the trunk of his expensive automobile on a side road, 30 miles southwest of Chicago.

A member of the Chicago "tunnel gang" of currency exchange robbers, Smyth was out on $65,000 bail pending his trial for armed robbery.

One police theory was that Smyth had been marked for death for his failure to contribute to the defense fund for two members of the gang who were recently sent to prison for one of the currency exchange robberies.

Another police theory was that Smyth died a tortured death because he attempted to muscle in on downstate rackets. Chicago detectives said they had been informed Smyth and some of his friends had been casting greedy eyes in lucrative fields outside Chicago and Cook county.

Smyth's body was discovered by John Williams, a farmer. The victim had been shot three times through the head. A loop of rope encircled his neck and across his mouth, from ear to ear, were marks of adhesive tape.

E. A. Kingston, Will county coroner, said Smyth apparently had been tortured before he was put to death with bullets.

Congress Okays 65 Million Loan For U. N. Home

WASHINGTON, Aug. 5 (AP)—Congress today approved a $65,000,000 loan to the United Nations to build a headquarters in New York City.

President Truman had listed the loan as one of the things he wanted the special session to approve. So far, it is the only one of Mr. Truman's requests granted by the Republican-dominated Congress.

Action today was a 164 to 27 standing vote by the House. The Senate had approved the legislation during the regular session. The bill now goes to the President for his certain signature.

The measure authorizes the Reconstruction Finance corporation to make $25,000,000 available immediately so work can begin on the permanent home for U. N.

The RFC advance is to be repaid when Congress actually appropriates the money.

AUTHOR ASKS COUNSEL FEES

NEW YORK, Aug. 5 (AP)—Kathleen Winsor, author of "Forever Amber," today asked for $500 weekly temporary alimony and $10,000 counsel fees to defend herself against an annulment suit being brought by her husband, bandleader Artie Shaw.

Ford Boosts Prices 3d Time Within Year

DETROIT, Aug. 5 (AP)—The Ford Motor company today increased the price of all but one of its Ford models another $75.

The single exception was the six-cylinder business coupe which was cut $5.

It was the second increase by Ford since the 1949 models were introduced the past June 18, and the third in a little less than a year. On Aug. 24 of the past year, Ford hiked prices from $34 to $90, with introduction of the new models $85 to $125 were added to the price tags.

Today's increases average five percent. They bring to from $194 to $290 the increases Ford has announced since Jan. 15, 1947, when cuts of from $15 to $50 were made in what Henry Ford II said was an effort to halt inflation.

The Ford price advances result, a company announcement said, from increases in material and labor costs.

Dewey, Warren Set Date For Strategy Talks

PAWLING, N. Y., Aug. 5 (AP)—Republican presidential nominee Thomas E. Dewey and his running-mate, Gov. Earl Warren of California, arranged today to get together for a campaign strategy huddle in Albany, N. Y., Aug. 16 and 17.

Sitting in with the New York governor and Warren will be Herbert Brownell Jr., Dewey's campaign manager. Other advisers may join them.

Word that Warren, the GOP vice-presidential nominee, will travel across the country for the pre-campaign conference came after an announcement that Dewey talked "at length" by telephone last night with Harold E. Stassen.

* * *

THAT CONFERENCE dealt with two matters much in the political limelight at the special session of Congress—the problem of inflation and the related meat supply. Dewey and Stassen, who was defeated for the presidential nomination by the New York governor, also talked about "other campaign issues" and the part Stassen will play in trying to put Dewey in the White House.

James C. Hagerty, Dewey's press secretary, linked inflation and meat supplies in the United States as campaign issues in announcing the conference between Dewey and Stassen.

That indicated top GOP campaigners are ready to go to the mat with Democrats on the issues President Truman has tossed at the Republicans.

Hagerty told reporters that Dewey talked to Warren in California by telephone this morning and arranged for the Albany meeting.

Purpose of the session the week after next is to go over campaign plans generally, including the itinerary.

It will be the first meeting of the Republican standard-bearers since their conference at Dewey's home here shortly after the Philadelphia nominating convention.

Girl Scouts of Troop 70 To Inspect Fire House

Plans to inspect a local fire house were made by the Girl Scouts of Pine Forge Troop 70 recently at a meeting in the Pine Forge chapel.

They will make their tour as a part of their next meeting to be held on Aug. 16.

A name for the troop mascot, a puppet dressed in Girl Scout uniform, was selected. She will be called, Patsy Pine.

The remainder of the meeting was spent in learning new songs. Leaders were Mrs. Anna Eachus and Mrs. Mary Kulp.

Final Plans Made By VFW Auxiliary To Visit Hospital

Final plans were completed for the visit of the ladies auxiliary of the Veterans of Foreign Wars to the Coatesville hospital at the post home last night.

The trip will be made on Tuesday night with buses leaving from the home at 6 o'clock. A lawn party has been planned for 150 of the patients by Mrs. Harriet Kalis, chairman of the hospitality committee and Mrs. Olivia Fredman, assistant chairman. Thirty members are planning to make the trip.

Mrs. Leah Pattison was elected and installed as color bearer with installation by the deputy chief of staff, Mrs. Fredman.

Plans also were discussed for the picnic of the VFW post in Hartenstine's grove at which time the auxiliary members will be in charge of the dinner and social arrangements.

Those appointed to the committee in charge of arrangements by Mrs. Lulu McAllister were: Mrs. Sarah Vanish, Mrs. Ann Cronin, Mrs. Gladys Amwake, Mrs. Catherine Ollinger, Mrs. Pattison, Mrs. Catherine Reightnour, Mrs. McAlister, Mrs. Mabel Bowers and Mrs. Kalis.

The pig-in-the box, donated by Mrs. Amwake, was won by Mrs. Cronin.

Garden Club Again Postpones Picnic

Because of the steady rains which have thoroughly soaked the picnic grounds where the affair had been planned, the Pottstown Garden club have again postponed their outing until next Friday.

At that time the same arrangements will prevail as before with the members bringing hats which they have created from this and that from their gardens.

Each member is asked to bring her own silverware and to make reservations for the trip with Mrs. Walter Krouse.

Ellen Marlin to Head Girl Scout Troop 20

Girl Scout Troop 20 met last night in the Sanatoga Grange hall to nominate officers for the coming season.

Ellen Marlin was nominated president; Betty Lou Swavely, secretary, and Evelyn Rapp, treasurer. Games were played by the 11 attending members and plans made for the next meeting on Wednesday night.

Girl Scouts Serenade in U. S.

Arriving in New York to attend the World Conference of Girl Guides and Girl Scouts at Cooperstown, N. Y., four Brazilian Girl Scouts twang out a serenade on their guitars for the benefit of one of the American Girl Scouts who greeted them. The girls from South America are (kneeling) Teresa Machado (left) and Vera Fernandes. Standing in rear are Dea and Haydee Fernandes. Standing at extreme left is Grace Haas, the U. S. Girl Scout who acted as their escort.

Indoor Picnic Staged By Women's Guild Group

When wet weather prevented the members of the Women's guild of the Linfield-Shenkel Evangelical and Reformed churches from holding their annual picnic outdoors, they retreated to the church and held a combined meeting and picnic.

Mrs. Frank Rumler, president, was in charge of the meeting and led the devotionals. It was announced that the next meeting will be held on Aug. 31 at the church.

Table decorations, which consisted of gladioli, were arranged by Mrs. Alfred Shantz.

Those attending were Mrs. Alfred Shantz, Mrs. Irvin Shantz, Mrs. Louise Sackson, Mrs. Samuel Bear, Mrs. Charles Bear, Mrs. Edna Daub, Miss Betty Brownback, Mrs. Raymond Hetrick, Mrs. Raymond Wells, Mrs. Hattie Steffey, Mrs. Charles Albert, Miss Theresa Gaugler and Mrs. Clyde Miller.

Martin Shandor to Wed Dorothy E. Schaeffer

The engagement of Miss Dorothy E. Schaeffer, Sheep Hill road, was announced by her parents, Mr. and Mrs. John G. Schaeffer, at a dinner given in their home recently.

Miss Schaeffer will become the bride of Mr. Martin Shandor, son of Mr. and Mrs. John Shandor, 437 Water street, in a ceremony to be performed tomorrow at the home of the bride-elect.

Silver Anniversary Occasions Dinner By Walter Wetzels

Mr. and Mrs. Walter Wetzel recently entertained relatives and friends on the occasion of their silver anniversary at a turkey dinner in their home at Eshbach.

Dinner was served at a table with a large white wedding cake decorated with silver trimmings, as the centerpiece. A bouquet of 25 pink and white carnations were presented the couple by their children.

Following the dinner, music was furnished by the Prutzman orchestra. Later a number of gifts were opened by the couple.

Guests included: The Rev. B. F. Creamers, Mr. and Mrs. Joseph Wetzel and daughter, Josephine; Dolly Wetzel, Mrs. Hattie Miller, Mrs. Hattie Kriebel, Mr. and Mrs. Anthony Miller, Mr. John Motto, Dr. and Mrs. A. L. Bower, Mr. and Mrs. Ralph Gery and children, Donna and Kenneth; Mr. and Mrs. Kenneth Brown and daughter, Ann.

Mr. and Mrs. Howard Scavelli, Mrs. Mary Ehst, Miss Pauline Ehst, Miss Arlene Derr, Miss Marie Ehst, Mr. Raymond Kline, Mrs. Frank Del Grosso, Miss Daisy DelGrosso, Percy DelGrosso, Miss Mary Sayshen, Mr. Jake Moyer and the host and hostess.

Clymer-Seitz Nuptials Performed by Rev. Ohl

In Trappe Evangelical and Reformed church, Miss Irene Seitz, daughter of Mr. and Mrs. Alex Seitz, and Mr. Walter Clymer, son of Mrs. Cora Clymer, were recently united in marriage. Both families reside in Spring Mount.

The Rev. A. C. Ohl, pastor, officiated at the double ring ceremony for which the bride was gowned in a blue crepe with peplum waist and white accessories. Her corsage was of pink carnations.

Attendants of the couple were Mr. and Mrs. Almon John, with Mrs. John appearing in a white crepe dress with white accessories and corsage of white carnations.

Both are employed at the Collegeville Flag company and will reside in Spring Mount.

Upper Frederick PTA To Plan Fall Program

Members of the Upper Frederick Parent Teachers association will meet on Tuesday, August 17 at 8 o'clock in the Mock's school.

Plans will be consummated for the start of the Fall program with movies and refreshments to be enjoyed later.

Bridal Shower Staged For Future August Bride

Miss Evelyn Snaith was pleasantly surprised at a bridal shower on Tuesday night at the home of Mrs. Harry G. Bradley, 338 North York street.

Miss Snaith, the daughter of Mr. and Mrs. Vernon Snaith, Parkerford, will become the bride of Mr. Earl Stoudt, son of Mrs. Sara Stoudt, 455 North Evans street, on Aug. 28 in the Emmanuel Lutheran church.

After the gifts, which were placed beneath a gaily decorated pink and blue umbrella, were opened, a buffet luncheon was served and a social evening was enjoyed.

Those attending were: Miss Mildred Shinehouse, Miss Eleanor Sands, Mrs. Alden Romadell, Mrs. O. V. Page, Mrs. Ella Page, Mrs. Jay Strunk, Mrs. Harry Stahl, Mrs. Sara Stoudt, Mrs. Robert Groom, Mrs. Joseph Lukens, Mrs. Carl Endy, Miss Elmira Mauger, of Boyertown; Mrs. Charles Weller, Hill Church; Mrs. Richard Becker, Reading; Mrs. Vernon Snaith, Parkerford, and Master Harry Bradley Jr.

Leftover cooked noodles may be mixed with a little minced or deviled ham and used to stuff tomatoes or green peppers.

WSCS Women Enjoy Covered Dish Picnic On Rainy Afternoon

Although the rain poured down in sheets, members of the Women's Society of Christian Service of the First Methodist church were not to be deprived of their picnic planned for yesterday. Equipped with proper clothing, they gathered at the home of Mrs. Anne Lloyd, Harmonyville road.

The covered dish social and picnic was partaken in the house, with the 40 members eating wherever they could find a spot. Later at a short meeting, the group outlined their project for October, named the "pack-a-towel-for-teen-ager" program.

Each of the members are asked to bring a large bath towel which will be folded to resemble an envelope. Inside will be placed the many necessities, needles, thread, tooth powder, soap, tooth brushes, pencils etc., that are needed overseas.

* * *

MRS. RAYMOND McMONIGAL and Miss Ruth Zimmerman were named co-chairmen in charge of the collections which should be brought to the September meeting.

Miss Joan Dillman and Miss Betty Shollenberger talked to the group on their recent experiences when they were guests at Camp Inn-a-bah for a week. Most impressive to the girls was the communion services conducted in the Green Cathedral—a spot in the forest by French creek where the seats were logs and the altar, hand carved from wood.

Hostesses for yesterday were: Mrs. Lloyd, Mrs. Douglas Hale, Mrs. Cora Umstead, Mrs. Letty Schlipf, Mrs. Ralph Schlichter, Mrs. Calvin Cressman, Mrs. Lottie Dierolf, Mrs. Katie Guss, Miss Helen Guss and Mrs. Mary Prizer.

The next meeting will be held Sept. 2 in the church, at which time the group will have a "give your best" sale.

Bernard Lazensky, 309 Johnson street, and Verna Mauger, 410 Manatawny street.

Ernest L. VanBuskirk and Anna H. Kramer, both of Schwenkville.

Application was made for a marriage license at the Berks county courthouse, Reading, by:

Willard W. R. Reitnauer, Boyertown, and Eleanor V. Woodley, 470 Spruce street.

Application for a marriage license was made in Elkton, Md., by:

Donald S. Mourar, Porters Mill road, and Julia H. Simone, 547 Race street, Stowe.

IT'S QUEER BUT TRUE

ROOM and BOARD by GENE AHEARN

THE OLD HOME TOWN by STANLEY

BARCLAY ON BRIDGE

By SHEPARD BARCLAY

Which Guess Is Yours?

A PARTICULAR defender has doubled your suit contract and, when the dummy goes down, you see that there was just barely "enough stuff" out to justify a thin gambling double. Included in the defenders' assets is the king of the trump suit. Now, if it turns out that the success or failure of the contract depends on the question of whether or not the king is shut out from taking a trick, what will you do? Will you consider that a smart competitor, who doubled, is trying to make you think he has the king, whereas his partner has it, or that he holds it an wants you to think he is trying to mislead you? Clairvoyancy is needed as a guide in such extremities.

	♠ 7 5 2 ♥ A 9 6 ♦ A 9 7 6 5 ♣ 5 2	
♠ Q J 10 9 ♥ 2 ♦ Q 8 2 ♣ K J 8 6 3	N W E S	♠ A 8 6 4 3 ♥ K 10 4 ♦ J 4 ♣ A 9 7
	♠ K ♥ Q J 8 7 5 3 ♦ K 10 3 ♣ Q 10 4	

(Dealer: North. Neither side vulnerable.)

North	East	South	West
Pass	1 ♠	2 ♥	2 ♠
Pass	3 ♠	Pass	4 ♠
Dbl.			

Against that, South led his heart Q, which North took with the A. Knowing from the lead that East had the heart K and probably one or more hearts to ruff, and not wishing to help East play correctly in the minor suits through a lead of them, North returned his spade 7 to the second trick.

Right there East was up against what proved to be the crisis of the hand. Who had the spade K? East decided that North probably had it, as part of the basis for his double, so played low to finesse against it. That enabled South's singleton to win, and two quick diamond tricks then beat the contract.

West, who looked on from the observation post of dummy, told East he should have considered that a slick competitor like North would not have doubled if he had the king of trumps, as he would not have wished to disclose its location. He said East therefore should have played the ace on the trump lead in the hope of felling a singleton. East retorted that he thought of that, but reckoned North was tempting him to make that reading while actually holding the king.

Firemen and Auxiliary To Parade in Delaware

Forty-five members of the Philadelphia Steam Fire Engine company and of the Ladies' auxiliary were expected to ride to Newport, Del., tomorrow morning, to take part in an apparatus housing parade there.

The Phillies' pumper and emergency truck will be driven to the Delaware town to participate in the event.

A bus will leave the firehouse shortly after 10 o'clock tomorrow morning for the Phillies' marchers.

Horse Show Is Set For Labor Day at Ludwig's Corner

The fifth annual Ludwig's Corner horse show, for the benefit of the Phoenixville hospital and the Chester Valley Community Nurse association, will be held on Labor Day, Sept. 6, beginning at 10 a. m.

Eighteen acres in West Vincent township, at the intersection of Routes 401 and 100, have been set aside for the show grounds.

A ring, 275 by 150 feet, with a tanbark track, will be laid out for show.

* * *

PRIZES WILL include $1000 in cash as well as trophies for winners in the 15 classes.

These classes include the children's novice; children's jumping; hunter hack; local farmers' hunter; green hunter; open jumping; open working hunter; local open jumping; handy hunter; Ludwig's Corner horse show special; open conformation hunter; knock-down and out sweepstakes; consolation jumping; grand champion and reserve champion hunter, and grand champion and reserve champion jumper.

Refreshment stands at the show will be staffed by local Girl Scouts, while the West Vincent Parent-Teachers association will prepare the food.

Stanley Dare, of Gladacres farm, Chester Springs, is serving as show manager, and Mrs. John H. Dettre Jr., of Phoenixville, is secretary of the association.

* * *

OTHER CHESTER county officials will include Jack Williamson, chairman of the grounds committee, assisted by Charles Hamilton and Dare.

There will be two sets of judges at the Labor Day show.

A. Leroy Krause, 230 Rosedale drive, and Edward Quigley, of Kennett Square, will alternate during the day with Harry Smith, of Coopersburg, and Joseph Ferguson, of Philadelphia.

OBITUARIES

MRS. THERESA P. (DITRO) PASCO, 71, 260 ELM STREET, STOWE, died in Memorial hospital at 10:30 o'clock yesterday morning after three years of illness. She was the wife of Samuel Pasco (DiPasquale).

Born in Italy, she came to this country 50 years ago and has resided at the Stowe address for the past 36 years. She was a member of St. Gabriel's Catholic church and St. Gabriel's lodge, Stowe, and of the Maria Assunta lodge, Pottstown.

Survivors are her husband, one son, John, at home; three daughters, Mary, wife of Anthony Guadagno, Reading; Bessie, wife of Joseph Rulli, at home, and Anna, wife of Paul Shadler, 201 Elm street, Stowe; one brother, James Ditro, Frankford, and one sister, Domenica Valetto, Italy. Also 15 grandchildren and 19 great grandchildren.

Funeral services will be held from the late residence Monday morning at 9:15 o'clock, with solemn high requiem mass celebrated in St. Gabriel's church at 10 o'clock. The Rev. Francis E. Suchanek will officiate.

Interment will be made in Holy Trinity cemetery, Stowe.

Funeral services for **LILLIE (LESSIG) JARRETT,** widow of the late Dr. Harry S. Jarrett, **ARDMORE,** were held from her family home at 351 High street yesterday, the Rev. George A. Lineker, rector of Christ Episcopal Church, officiating.

She was a daughter of the late Mr. and Mrs. George B. Lessig.

Mrs. Jarrett is survived by three sons, Brooke L., Sewickley, Louis C. and Richard B., both of Narbeth; a sister, Rose B. Lessig, 351 High street; a brother, J. Brooke Lessig, 800 High street, and a nephew, Brooke M. Lessig, 800 High street.

Interment was made in Pottstown cemetery, East End.

Borough to Open Transformer Bids

Bids for three transformers, to be placed in a new sub-station at the borough water company pumping station in Bramcote, will be opened by council's water committee at 7:30 p. m., Aug. 27.

The cost of the entire sub-station is expected to be approximately $10,000, Borough Manager Dow I. Sears said yesterday.

When the old Pottstown Gas and Water company owned the waterworks, the Philadelphia Electric company operated the sub-station.

Since the borough took over the water company the past September, it must own and operate its own sub-station, according to Pennsylvania Public Utilities commission rulings.

Sears pointed out, "The sub-station will pay for itself in reduced rates in about three years."

22 Members Accepted At Meeting of Phillies

Twenty-two new members were accepted last night at a meeting of the Philadelphia Steam Fire Engine company in the firehouse.

The company also received 29 applications.

Forty members attended the meeting, which was in charge of President G. Henry Schmoyer.

DRIFTIN' AROUND

WITH ELMER PANOC

A LOT OF PEOPLE save money for a rainy day, but sportswriters are different — they save data in record books instead of money and then come out with a big story when everything else is rained out.

When rain forced postponement of all local sports yesterday for the second time this week, this column thought it best to carry out the sportswriters' tradition — page through the record books.

What was found in the records here yesterday was astounding, but who are we to doubt a record book.

The books revealed that Pottstown, which always has been a basketball town, has been turning over toward football in the past few years. Since football season is just around the corner, let's take a look at the records.

* * *

IN THE PAST four seasons, Pottstown High's football teams have won 20 games, lost 11 and tied five for a .645 average. Not bad — not bad at all.

When can you recall has Pottstown enjoyed such a record over a four year span? You have to go back pretty far to find it and maybe you won't find it at all.

If that record sounds astonishing, let's take a look at some of those games played in the past four years.

Back in 1944 when the Trojans started their good record, the big game of the year was a 14-6 victory over Norristown. That victory marked Pottstown's first victory over Norristown in 40 years. In fact it marked the first time Pottstown had ever beaten Norristown on the gridiron.

* * *

ANOTHER BIG game that year saw the Trojans blank Phoenixville, 20-0, before a huge crowd on Franklin Field here. That game ended a long Phoenixville jinx and gave Pottstown new hope.

Pottstown's record against these two teams in the past four years is remarkable. The Trojans have split four games with Norristown and have won two, lost one and tied one with Phoenixville.

Yes, the past four years have really been good to Pottstown gridmen. But, the Trojans have also suffered some heartbreaks in those four years.

Take 1944 when Pottstown was shooting for its first sweep of the Big Three Coatesville came along and ended all hopes by edging Pottstown, 7-6, in one of the biggest upsets of the season. The Trojans racked up 17 first downs in that game to Coatesville's one and that came on a penalty.

* * *

THE BIGGEST heartbreak came in 1946 when Downingtown ended Pottstown's winning streak at eight straight games by upsetting the Trojans on Thanksgiving Day, 26-12. Many-a-tear were shed that day.

But what lies in the future for the Trojans? Can they improve that record a little more this year?

Football practice starts in a little over two weeks and then you can make your own answer. Coach Heeb Meyers will be starting his fourth year as grid mentor at Pottstown. In the three years spent here, 1941, 46 and 47, Meyers' teams have won 15 games, lost 10 and tied one.

HEGAN SMACKS TWO HOME RUNS TO BEAT NATS

Gene Bearden Also Hits For Circuit; Boudreau Injured in Collision

CLEVLAND, Aug. 5 (AP)—The Cleveland Indians kept their slim hold on first place in the American league today with a 3-0 victory over the Washington Nationals, but Lou Boudreau, the Tribe's manager and star shortstop, was injured in the game.

Boudreau collided with left-fielder Gil Coan at second base in the seventh inning when the shortstop dove for a bad throw from pitcher Gene Bearden to make the putout. He finished play in the top half of the seventh then left the game.

Dr. Ed Castle, Cleveland club physician, said X-rays showed Boudreau's right shoulder, right knee and right ankle were only bruised and that he might be able to play in the important four-game series opening here with the New York Yankees tomorrow.

* * *

CATCHER JIM Hegan's 10th and 11th homers and one by Bearden were the only Cleveland hits. They enabled Bearden to take a six-hit shutout as his ninth victory against three defeats.

The batterymates homered in succession in the third inning off Rae Scarborough in the third, and Hegan did it again off Tom Ferrick in the eighth.

The Cleveland infield came within one of equalling the major league double play record for a single game by turning in six twin-killings. By participating in five of them, second baseman Joe Gordon equalled the individual player record for a single game.

A paid gate of 13,967 raised the Tribe's home game attendance for the season to 1,530,224 with 25 playing dates here remaining. That total exceeds by 8246 the attendance here for all the past season.

Hermanski Hits 3 Home Runs as Flock Wins, 6-4

BROOKLYN, Aug. 5 (AP) — Gene Hermanski's three home runs more than balanced the Dodgers' six errors today as Brooklyn defeated Chicago, 6-4, in the first game of a scheduled doubleheader. The second game was postponed because of rain.

The victory moved the Dodgers into second place by .0006 over the rain-idled St. Louis Cardinals.

Hermanski homered in the first over the right field screen with Jackie Robinson on base. His next four-base blow came in the third, also over the right field screen, with Marv Rackley on base, and he hit his third homer in the eighth into the left field seats with the bases empty. He walked his only other time at bat.

Carl Erskine, starting his first major league game, pitched all the way for Brooklyn. It was his third victory. Previously he had appeared in three games, pitched three innings and received credit for two triumphs. He has not been charged with a loss.

MACKMEN GAIN ON TRIBE WITH DOUBLE VICTORY

Chicago Goes Down Under Philadelphia, 3-0, 7-4; White Hits 4-on Homer

CHICAGO, Aug. 5 (AP)—The Philadelphia Athletics, who haven't had a home run in Chicago's Cominskey park since 1946, today used two round trippers to win a double-header, 3-0 and 7-4, against the Chicago White Sox before 8053 persons.

After Joe Coleman pitched a si-hitter for his eleventh win, Don White and Sam Chapman used homers to clinch the second game.

The twin victory lifted Philadelphia into a second place tie with New York in American league standings, two percentage points behind Cleveland.

* * *

THE A'S built up a 2-0 lead in the opener against Marino Pieretti in the sixth inning. Chapman singled and scored on Ferris Fain's triple. Fain counted on Hank Majeski's infield roller.

Majeski broke the homer famine when he opened the A's ninth with his No. 10 off Joe Haynes, Pieretti's successor.

The full house stage for White's round tripper in the second game against Frank Papish, who went the distance on a yield of six hits, was set with a walk, Chapman's scratch single and Luke Appling's boot. Then White drilled his first major league homer into the lower deck of the left field pavilion.

The White Sox evened it at 4-all before Papish ran into trouble in the ninth. Eddie Joost walked and scored on Barney McCosky's double. Chapman followed with his homer, scoring behind McCosky.

This belated spurt gave Carl Scheib, who replaced starter Bill McCahan in the fifth, his eighth decision.

Yankees Edge Detroit, 2-1, For 5th Straight Triumph

★ ★ ★ ★

Bests Hutchinson

DETROIT, Aug. 5 (AP) — Cashing in on three timely doubles, the New York Yankees nipped the Detroit Tigers 2 to 1 today to run their winning streak to five games.

Alle Reynolds scattered six hits to best Freddie Hutchinson in a tight pitchers' duel but had to have help in the ninth from Fireman Joe Page, big New York lefthander.

Page came on after Dick Wakefiel tripled to put the tying run on third with one out in the last half of the ninth. He cemented Reynolds' 11th victory by getting pinch-hitter Jimmy Outlaw on a grounder. Wakefield holding third, and fanning pinch-hitter Bob Swift with three called strikes.

New York got only seven hits off Hutchinson but three of them were potent doubles that gave Reynolds both the runs he needed.

YOGI BERRA doubled leading off the second and scored on Bill Johnson's two-base smash to right center.

George Stirnweiss's two-bagger and Charley Keller's single accounted for the other Yankee run in the third.

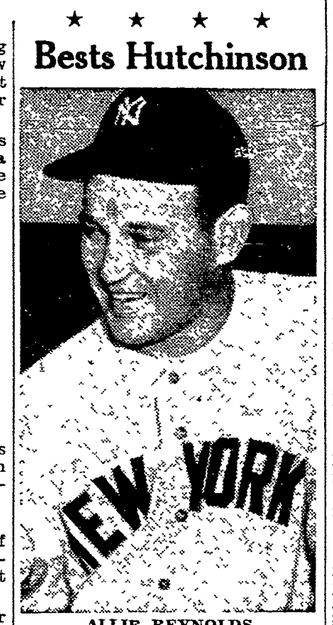

Detroit's only run also came in the third, when Eddie Lake walked, went to third on George Vico's single and scored on George Kell's double.

Reynolds walked three straight Tigers in the second but escaped trouble when Hutchinson bounced into a double play.

Cardinalettes to Play Donkey Softball Tonight

The Pottstown Cardinalettes will be seen in a new role tonight when the 1947 Pennsylvania State softball champs clash with the Royersford VFW in a donkey softball tilt at Royersford. The game will start at 7:30 o'clock.

All members of the teams ride donkeys except the pitcher and catcher. A batter faces the pitcher on his feet but climbs on his donkey after hitting the ball and rides his donkey around the bases.

One of the features will be a Lady Godiva race between Bob Kline, Wilmer Ottinger, Pete DiCesare and Walt Miller.

BRAVES RALLY TO ROUT REDS BY 6-4 SCORE

League-Leaders Score Twice in 8th to Break Tie; Spahn Winner

BOSTON, Aug. 5 (AP) — Boston's Braves tonight rallied for two runs after two were out in the eighth inning and defeated the Cincinnati Reds 6-4 ending a losing streak which had extended through four games. A somewhat chilled crowd of 13,521 saw Tommy Holmes single, Al Dark poke his second double of the night and Earl Torgeson lash a triple into left center for the two winning runs.

Pinch Hitter Augie Galan was called out on strikes to end the game and had a few words with plate Umpire Lou Jorda as both walked off the field. Umpire Beans Reardon stepped between the two near the tunnel by which the players leave the field and motioned for the veteran Galan to keep moving.

The Reds made only four hits and needed only three of them for their four runs.

Their first blow was Danny Litwhiler's high homer over the left field wall on a two and one pitch in the fourth against starter Lefty Warren Spahn. It was his 12th of the season and his second in as many nights against his former teammates.

The other three Cincinnati scores came in the sixth on Frankie Baumholtz's double down the left field foul line, a walk to Claude Corbitt, Johnny Wyrostek's triple into the right field corner and Litwhiler's fly out to left.

Yankees Call Porterfield From Newark

NEWARK, N.J., Aug. 5 (AP)—Bob Porterfield, brilliant rookie righthander of the Newark Bears, was kicked upstairs today to bolster the New York Yankees' mound staff in their bid to come out on top of the mad American league scramble.

Although rumors have persisted for months that Blazin' Bob was about to be tapped by the Bears' parent club, the move came as a surprise inasmuch as only yesterday George Weiss, Yankee general manager, said no dice to the deal.

Yankee pilot Bucky Harris, in need of good pitching for the stretch drive, had requested that the 23-year-old Porterfield be boosted up the ladder.

* * *

WEISS, HOWEVER, told Harris he would not permit the recall of the rookie, whose record this season stands at 15 won and six lost, as long as the Newark club had a chance to cop the Triple A International league pennant.

The Bears now are 8½ games behind the league leading Montreal Royals.

Parke Carroll, general manager of the Bears, disclosed Porterfield's elevation.

The ace righthander leaves Montreal today by plane to join the Yankees in Cleveland where they open a series tomorrow with the Indians.

Red Sox Down Browns by 8-7; Hughson Victor

ST. LOUIS, Aug. 5 (AP) — The Boston Red Sox downed the St. Louis Browns 8-7 today with Vern Stephens, who made errors on two consecutive plays earlier in the game, singling home Johnny Pesky with the winning run in the eighth.

Al Zarilla drove in Bryan Stephens in the sixth, tying the score.

Sharing batting honors with Vern Stephens was Ted Williams, Boston's ailing star, who had three straight singles in four trips before he was taken out of the game in the sixth. Each drove in two runs.

The Bosox were coasting along with what appeared to be a safe lead when the Browns pushed across five runs in the fifth, three of them on a double by rookie Hank Arft and the others on walks issued by Joe Dobson with the bases loaded. Two of the Brownies who scored got a life on Stephens errors.

Tippy Larkin Stops Beltram in 5 Rounds

NEW YORK, Aug 5 (AP)—Tippy Larkin, 31-year-old dancing master from Garfield, N. J., stopped Willie Beltram, New York, at the end of the fifth round of their scheduled ten at Madison Square Garden tonight. Referee Eddie Joseph and Dr Vincent Nardiello ended the fight because of severe cuts over and below Beltram's right eye.

It was strictly no contest for Larkin, who weighed 143¼. He was the complete master of the 137-pound Beltram throughout the contest that was fought in relative privacy.

Legion Juniors Face Souderton Tonight

The Pottstown American Legion Juniors will take time out from their exhibition series with Boyertown to go to Souderton tonight for a Bucks-Mont league tussle at 6:15 o'clock.

Although they are out of the pennant race, the Pottstonians can cause quite a fuss in the standings. Souderton is fighting for first place with Norristown and must beat Pottstown tonight to stay near the top. Pottstown faces Norristown tomorrow.

PIAA and Legion To Work Together

HARRISBURG, Aug 5 (AP)—The Pennsylvania Interscholastic Athletic association and the State American Legion have agreed to "co-operate to the fullest extent" with each other in their athletic programs.

The Legion annually conducts a boys' baseball tournament and the PIAA is polling its member high schools, which support baseball teams, to determine if they wish to inaugurate a "Little World Series" to select an annual baseball champion.

The agreement was announced by Edmund Wicht, executive secretary of the PIAA and George Bellis, State Legion athletic director.

WHITFIELD 3D IN 400 METER OLYMPIC RUN

Wint Edges McKenley in Breaking World Mark; Swedes Cop Steeplechase

OLYMPIC STADIUM, Wembley, England, Aug. 5 (AP) — America's 20-year monopoly on the Olympic 400 meter run went boom today when a pair of former high school teammates from Kingston, Jamaica, ran the legs off the best Uncle Sam could produce.

One of them, a gangling, coffee-colored speedster named Arthur Wint, circled the Red Olympic track in 46.2 seconds to win the classic middle-distance event by two yards and equal the games record set by Bill Carr of the United States at Los Angeles in 1932.

The towering Jamaican made up fully six yards in a spectacular stretch drive in which he nailed his countryman, the famous Herb McKenley, 15 yards from the finish wire.

McKenley, in turn, flashed across four yards in front of Mal Whitfield, the American air forces sergeant who earlier in the week captured the 800 meters.

* * *

NONE OF THE other three finalist ever figured in the race, run over a track somewhat soft from intermittent rain. Dave Bolen, graduate of Colorado university, took fourth place; Morris Curotta of Australia was fifth, and George Guida of Villanova, sixth.

The two flying Jamaicans broke a string of American successes which began when Ray Barbuti captured the 400 at Amsterdam in 1928. They also shattered Coach Dean Cromwell's hopes of sweeping every flat race in the present games from the 100 through the 800 meters. Three blond, tireless Swedes ran away with the day's other final, the 3000 meter steeplechase, breaking a monopoly the Finns had enjoyed since 1924.

The sweep gave the Swedes their third track and field triumph and strengthened their hold on second place among the nations. The United States was far in the lead with eight firsts. No other country had more than one.

* * *

TORE SJOESTRAND won the long test over hurdles and through a water jump in the time of 9 minutes, 4.6 seconds, finishing some 20 yards in front of his teammate, Erik Elmsaeter, who was clocked in 9:08.2. Gote Hagstroem loped in third, another 30 yards back, and A. Cuyode of Italy was fourth.

The only American among the dozen finalists was Browning Ross, a little gamester from Villanova. He finished seventh, but he gave it a try. He stayed right up with the front-running Swedes, and was second with only four laps to go. From there on, though, his legs began to wilt, and at the end he was about 100 yards away.

Lieut. Sammy Lee, 28-year-old medical officer from Pasadena, Calif., won a clean-cut decision over 25 of the world's greatest diving stars in the high tower event. This was added to the men's and women's springboard titles, already salted away by the American team. Another first is confidently expected tomorrow in the women's high dive.

* * *

JOE VERDEUR OF Philadelphia chalked up a new Olympic record of 2:40 in winning his heat of the 200-meter breaststroke swim. The old mark was 2:42.5, set by Tetsuo Hamuro of Japan in 1936.

The women's 100-meter breaststroke championship, however, went to Karen Margrethe Harup of Denmark, who defeated Suzanne Zimmerman of Portland, Ore., and lowered the Olympic record to 1:14.4. Miss Zimmerman was second.

Greta Andersen of Denmark, already winner of the women's 100 meter free style swim and favorite to win the 400-meter, was stricken by a stomach cramp in her preliminary heat of the latter event today and was fished unconscious from the water.

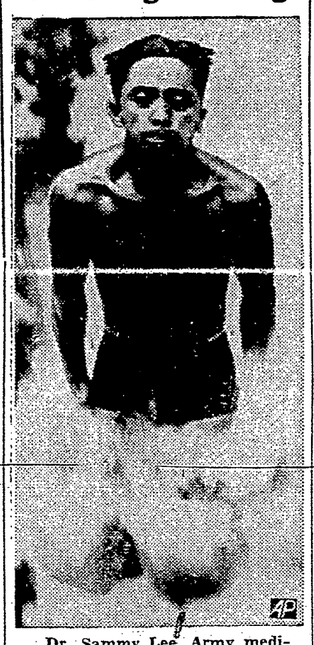

* * *

SOMETHING SIMILAR occurred during the preliminaries of the women's 200-meter dash in the stadium. In the third heat, O. Sienerova, a Czech girl, was out in front and flying about 15 yards from the finish line when she faltered, stumbled and fell flat on her face. A second later another runner in the same race, Phyllis-Marjorie Lightbourn of Bermuda, sprawled on the track after breasting the tape.

Miss Sienerova was able to leave the premises under her own steam after a short rest, but medical attendants spent some time bringing the other girl around.

Audrey Patterson, a tall Negro girl from New Orleans, was the only one of three American entrants to qualify for tomorrows' final. Nell Jackson of Tuskegee and Mae Faggs of New York both failed to survive the opening heat.

Wins High Diving

Dr. Sammy Lee, Army medical lieutenant from Pasadena, Calif., makes a big splash as he hits the water in Empire pool, Wembley, England, during the Olympic high diving finals. Lee won the event, finishing ahead of teammate Bruce Harlan, who won the springboard title.

BROWNIES LIST TRYOUT CAMP FOR NEXT WEEK

Rain Forces Scouts to Reschedule Workouts On Tuesday, Wednesday

F. A. Griffin, chief scout of the St. Louis Browns, sadly watched the rain pour from the skies yesterday, called off the Browns' tryout camp for the third straight day and then announced that tryouts will be held next Tuesday and Wednesday.

Griffin went into a huddle with Leo "Ditty" Hartline, local Brownie scout, yesterday when the rain failed to let up and both men thought it best to postpone the tryouts until next week. Hartline said he didn't think The Hill baseball field would dry off in time for workouts today so told Griffin to wait a few days.

Griffin said he saw players of good caliber the past Monday, the first day of tryouts here, but said he was disappointed in the turnout. The former Brownie manager said he would like to see a much larger turnout next week.

Next week's two workouts will be held in the afternoon as was the first session of the camp Monday. Action will start at three o'clock Tuesday and Wednesday and will end at eight o'clock.

U. S. Champion Third In Olympic Decathon

OLYMPIC STADIUM, Wembley, England, Aug. 5 (AP)—Lieut. Enrique Kistenmacher of Argentina took the lead in the decathlon competition at the Olympic games today at the end of the first day's program of five events with a score of 3897 points.

When the long hours of the first half of the gruelling test ended at 7:15 p. m., Ignace Heinrich of France stood in second place with 3880 points.

Big League Teams Accused Of Violating Schoolboy Rule

CINCINNATI, Aug. 4 (AP)—Baseball clubs were accused of violating both the bonus player and high school rules today by Commissioner A. B. Chandler, who added that the guilty "will be severely penalized."

The high mogul of the sport did not name any one in a directive of warning, in which he said:

"The commissioner's office is not naive enough to be unmindful of what is going on.

"Since the passage of the bonus rule on Feb. 15, 1947, club owners and those who assist them have shown extraordinary prowess in finding ways to circumvent the rule."

He declared that "while it has proved expensive for some clubs to violate the high school rule, some of the provisions of that rule are constantly being ignored by club owners."

* * *

THE HIGH SCHOOL rule prohibits the signing of any student until the day after he has been graduated. If he quits school, then he may not be signed until the day after his class has been graduated.

Bonus players are those who are paid from $800 by A Class E club to sign contracts to $6000 or more to bind themselves with major loop teams.

"In an effort to sign high school players, some club owners are offering contracts to players' fathers to serve as scouts, or paying off the mortgage on the family homestead, lavishily entertaining father, mother, brothers and sisters for a considerable period in the major league city, and doing too many other things to enumerate here that really violate the rule," Chandler said.

* * *

"THIS WILL SERVE to call your attention to the bonus rule and the high school rule as they are written, and will serve as a warning to club owners that violators who have been surreptitiously doing the things mentioned above and other things which are not specified, will be severely penalized."

The commissioner said that "gifts or expenditures of any nature for the benefit of a player, his parents or guardian, whether paid directly or indirectly to the player, parent, guardian, coach, or anyone else, will be considered as evidence of negotiation with a high school player."

"The value of any such gifts will be added to the salary or bonus paid to a player when he signs his contract, and if the aggregate is in excess of the limit in that classification, the player will be considered a bonus player," Chandler continued.

Locke and Barron Tied for Lead in Tam O'Shanter Golf

CHICAGO, Aug. 5 (AP) — Bobby Locke of South Africa, sinking a 10-footer on the final green of today's third round, overhauled pacesetting Herman Barron of White Plains, N.Y., to share the 54-hole leadership in the $50,000 All-American Golf tourney at 208 strokes each.

Locke reeled off a two-under-par 70 to catch Barron, who tacked a 72 to his 36-hole count of 136.

A stroke behind with 209's each were veteran Lloyd Mangrum of the host Tam O'Shanter club, and lightly-reckoned Pete Cooper of Gainesville, Fla., who bagged 70 and 68, respectively, in the quest for the $5000 top prize in the three-ringed Tam carnival.

Henry Ransom, Chicago's transplanted Texan, one of three 67 shooters today, was two strokes off the face with 210, followed by Bill Nary of Phoenix, Ariz., whose 70 gave him 211.

Philadelphia Eagles Acquire New Guard

HERSHEY, Aug. 5 (AP)—The Boston Yanks today traded two linesmen to rival National league grid clubs in exchange for two draft choices.

Business Manager Frank Fitzgerald said defense end Sam Goldman went to the Chicago Cardinals and guard Rocky Canale became the property of the Philadelphia Eagles. Goldman came to the Yanks three years ago from Howard College. Canale is an ex-Boston college star.

Under the terms, the Yanks have the right to deal with any of the unsigned top-ranking college men allotted to the Cardinals or Eagles in the draft.

Merger of Unions Fails to Cause Stir In Doehler Local

Local 703, Mine. Mill and Smelter workers (CIO), has made no move to join the merger of the National association of Die Casting Workers with the United Auto Workers (CIO).

Sidney Pert, chief shop steward, said last night, "That merger has no bearing here at all."

Plans for the absorption of the NADCW by the UAW were approved the past Wednesday by the UAW's international executive board.

The move would add approximately 20,000 NADCW members to the UAW membership of over 900,000.

* * *

IN 1942, THE NADCW and the MMSW merged, but the past month 24 local unions originally affiliated with the NADCW withdrew over disagreements with the national leadership of the MMSW.

At the local Doehler-Jarvis corporation plant, the union was affiliated with the NADCW until 1942.

A tentative affiliation agreement between the UAW and the NADCW was signed Wednesday by presidents Walter P. Reuther and Kenneth Eckert.

AID TO SCHOOLS —

(Continued From Page One)

aimed at those school districts who have kept assessments as low as possible because a relatively low assessment ratio assured a higher, though disproportionate, State subsidy.

A State tax equalization board now is being organized to determine the market value of taxable real property in each school district. The board must certify to the State superintendent of public instruction and to school districts, lists of taxable real property showing the market value and the assessment for county purposes. The first list must be submitted by July 1, 1949.

State school subsidies will be based upon these reports.

* * *

THE WORK OF the tax equalization board will result, in effect, in widespread changes in State grants. Its whole purpose is to eliminate unfair distribution of State subsidies among school districts and to force local officials to assess real estate at market value. If they fail to do so, lower grants will be made.

Grants will be reduced depending upon the assessment practices of the school district.

If, for example, real estate is assessed at one-third its market value, the average school district's appropriation of $2400 per teaching unit would be slashed $800.

School allocations are based on this legislatively-designated equalization level, the local tax rate, real estate assessment and the number of teaching units in a district.

State subsidies to the school district are based on the difference between the equalization level of $2400 per teaching unit and the yield of a six-mill tax rate on the assessed valuation of real estate..

* * *

POTTSTOWN RECEIVES $1592.29 for each of its 131 teaching units. These, plus several other appropriation factors, brings the total grant to $220,571.90 from the State. It is equal to 73 percent of the $313,736.50 collected from real estate taxes.

Utilizing its taxing powers under State law, however, the school district collects an additional $36,707 in per capita and occupation taxes to bring the total raised through local taxation to $340,443.50.

The State actually provides only 34 percent of the total funds available to the school district for education.

To show ho wthe cost of education has increased, Dr. Haiston pointed out that 14 years ago it cost $254,000 a year to operate the schools. It now costs $638,124 a year.

HOUSING —

(Continued From Page One)

rushing to his face and words rolling out so fast it was difficult to understand him, he challenged McCarthy to name house leaders who are saying "take this or you get nothing."

* * *

TOBEY WALKED from his front row seat to the rear row desk of McCarthy and stood facing him.

McCarthy said Wolcott had told him that the House would not accept Senate slum clearance and public housing provisions.

But Tobey shouted that the House banking committee, which Wolcott heads, already had reported out a similar bill at the regular session and the House rules committee had blocked it.

"It's a triumvirate that's been blocking the will of the people on housing," Tobey continued. "It includes Speaker Joseph W. Martin, Charlie Halleck, the erstwhile vice presidential candidate and Jesse Wolcott, my friend and chairman of the banking committee.

"They are saying: It shall not pass.

"Let's find out who is running the country, a little oligarchy or the people of the country," he continued.

found safe circulated in Paris during the day, but Air France officials could not confirm them.

Air France officials in Paris said: they knew nothing about the discovery of wreckage by the Cutter Campbell.

The search by ship and plane for the six-engine Lateorere 631 continued. Arriving at Dakar from Germany to take part were three American B29 bombers.

MILK PRICE —

(Continued From Page One))

out-of-the-state buyers of milk in Pennsylvania.

"The records show plainly dealers will be forced and are being forced to pay premiums to hold the milk for sale in Pennsylvania," he stated.

* * *

SNYDER, SPOKESMAN for the majority, replied if that happens "then the milk control law becomes a nullity."

He said the "unwarranted spiral" of milk price boosts is "a direct result of the Federal government fixing exorbitant prices to producers (farmers) in the Boston and New York areas."

Snyder called upon President Truman to have these Federal orders rescinded immediately and to replace the U. S. Secretary of Agriculture if he refuses to do it.

"I am loath to criticize any public officer, especially the chief executive of this country," Snyder continued, but "the welfare and just treatment of 40,000,000 consumers of milk is the issue."

Snyder later told a reporter that a drop in consumption will be "the obvious result of the terrific high prices" fixed by the Federal government for producers selling in the Boston and New York markets.

"The demand for Pennsylvania milk will vanish into thin air," he asserted.

* * *

THE COMMISSION heard the objections of dealers and producers from seven marketing areas against the majority plan.

Harry B. Crytzer, Perry county district attorney, said farmers in his section already have been offered higher prices by New York buyers but have held off pending commission action.

"Now," he said, 'they will ship to New York."

On the other hand, Glenn Bogar, manager of the Lehigh Valley cooperative, a farmer-distributor organization, praised the majority for its action in keeping the increase to 1½ cents.

The commission also heard consumer protests for the first time at price conferences.

Mrs. Elmer Steger, South Enola, who came to the hearing with a small child, said she was calling to start "a telephone campaign" with neighbors to cut down milk consumption if prices are booted.

"We will have to use our own initiative and limit consumption," she asserted.

The conferences today concerned the marketing areas of Scranton-Wilkes-Barre, Williamsport-Sayre-Athens, Schuylkill, Lehigh, Reading (including Pottstown), York and Harrisburg.

Social Event Held By Rotary Clubs

Braving sheets of rain, 250 Rotarians from seven clubs in the area gathered at the Brookside Country club yesterday afternoon for cards, supper and entertainment later.

A golf tournament and soft ball game which had been scheduled, was canceled. The only outdoor activity was a swimming exhibition staged by a group of YMCA boys.

In addition to the Pottstown chapter, those represented were Phoenixville, Birdsboro, Boyertown, Upper Perkiomen Valley at Pennsburg, Central Perkiomen Valley at Schwenkville, and Spring City.

Lester Daub was in charge of the affair which members hoped, will be put on the annual agenda.

After supper, Robert Miller, a member of the club, and six other musicians played for dancing. A glee club from the Birdsboro club and Miss Freda Schindler sang several numbers.

HOUSE APPROVES —

omitted the public housing and slum clearance provisions.

President Truman roundly criticized the Republican - controlled Congress at a news conference today, and asked that adjournment be postponed until strong measures are taken to deal with high living costs.

"There is still time for the Congress to fulfill its responsibilities to the American people," Mr. Truman said, adding that voters will not be satisfied with "the feeble compromises that apparently are being concocted."

Senator Taft, chairman of the Senate GOP policy committee, promptly accepted the challenge, saying that the people would decide in November.

TRUMAN TERMS —

in the face of bountiful European crops.

Mr. Truman said Congress still has time to perform the tasks for which he called it into extra session soon after he was nominated at the Democratic National convention. He demanded that leaders reconsider their plans to adjourn this week or early next.

As for the Communist spy investigation, he said, it is not only failing to bring to light new testimony, but is doing irreparable harm. It is, he said, nothing but a Red herring.

Turning to the atomic bomb and peace. Mr. Truman said he was hopeful for peace, and still had faith in the plan to outlaw the atomic bomb as a weapon.

PAROLEE SLAYS —

to the bishop's home before escaping in the car.

The bishop reported the man held him at gunpoint, took his wallet containing "a good sum of money," then told how he had killed Zayka and dragged the body to the basement.

Driver Is Arrested In Parkerford Crash

Two cars crashed almost head-on yesterday afternoon in Parkerford when one turned left abruptly in front of the other.

A passenger in one of the cars was slightly injured and each of the cars was damaged to the extent of about $200.

Howard Reifsnyder, 24, of Pottstown RD 3, will receive a summons from Justice of the Peace Curtis Rinehart, Parkerford, on a charge of reckless driving. Reifsnyder is charged with making the left turn.

State Trooper W. J. Farra, of the Devon substation, said the youth was going south down Route 83 and turned suddenly in front of a car driven by John Kalamon, Phoenixville, coming the other way.

A passenger in the Kalamon car, Richard Thompson, Oaks, was treated at the Phoenixville hospital and X-rayed for a possible fracture of the right leg. He was not admitted.

The entire front and the right front of the Kalaman and Reifsnyder cars, respectively, were damaged.

Weather Grounds Planes Of Local Model Club

Wet weather last night grounded all the planes of the Pottstown Model club, but eight members journeyed to their field on the Daniel Boone homestead, Baumstown—just in case.

High winds and a shower prevented any action, however, and the group returned.

Edward Jameson, president, said that plans are moving along for the club's AMA-sanctioned model meet which is scheduled for the homestead Sept. 19.

activities committee, urged that Henry A. Wallace be called in for questioning. Rankin said it appeared that Communists achieved "key positions" in the Commerce department when Wallace headed it.

Rep. Busbey (R-Ill) suggested that the commitee go back still further and check Wallace's administration as secretary of agriculture. Busbey said the agricultural adjustment administration was the "spawning ground" for Communists in the government.

In a written statement on the Communist investigations, President Truman said that no information has been turned up which has not long since been presented to a Federal grand jury, or known to the FBI.

(A Federal grand jury summoned more than a year ago in New York has indicted 12 persons on charges of conspiring to overthrow the government).

WATER BATTLE —

tion contest, but may tangle later. The Goodies and the Empire Hook and Ladder company are coupled and the Phillies and the West End company, Stowe, are paired.

Schmoyer declared "We have no first team yet. We are staging our own eliminations at Manatawny creek Friday night to see who the first team will be."

The Goodies are the only other company to announce a team.

In announcing the Good Will team, Chief Robert Roth stressed that whatever the team might lack in youth it amply made up in know-how, ruggedness and endurance.

Calmly he said, "I don't know why these other guys are even in this thing."

The Goodies outfit lists John Smith, Douglas (Bridgie) Briedenbach, Andrew Ciak, James (Big Jim) Guadagno, David Hettrick and Edward Valish.

Three more may be picked later, Roth said, adding that those six probably would be ample to care for any opposition.

In Memoriam 3

KALIS—In loving memory of our dear Mother, Hettie Kalis, who passed away August 5, 1946.
Just two years ago today
God called you, and you went away
You bade no one a last farewell
You said good-bye to none
Your loving heart had ceased to beat
Before we knew it, you were gone
You did not fail to do your best
Your heart was true and tender.
You worked hard for those you left
And ever will be remembered
Deeply missed by daughters, Emma Edna and their families.

Reds Loosen Grip In Financial Blockade Of German Capital

BERLIN, Aug. 5 (AP)—The Russians slightly relaxed their financial blockade of Berlin today as this crisis-ridden city watched for results of four-power diplomatic maneuvering in Moscow.

The action indicated the Russians may be willing to work out a compromise of the East-West currency dispute here. Soviet authorities have given the money conflict as a reason for their imposition of the land blockade on the city.

Charles Giffard, British finance officer, told a news conference of the Russians' financial action. He said the anti-Communist Berlin city government had reached an agreement with the Russians for the release of enough funds from blocked Russian mark accounts to meet its weekend payments.

* * *

A SIMILAR arrangement was reached for business firms in the western sectors of the city, Giffard said.

Meanwhile, the first open break in Berlin Communist ranks over the blockade was reported during the day. A stormy meeting of the youth section of the Communist - controlled Socialist Unity party (SED) in the American sector condemned the blockade as a "crime against humanity."

Tthe meeting adopted a resolution which said German Communists who condoned the blockade are "a criminal group who must be branded as a foreign legion."

Former Maxie Rosenbloom is shown above at the New York City district attorney's office where he testified that he attended a gambling bazaar which was supposedly held for the benefit of charity. Police are seeking the man who was called the originator of the fraud.

Want to Attend a Nudist Convention? Just Come In and Pull Off Your Clothes

MAYS LANDING, N. J., Aug. 5 (AP)—What's it like to attend a nudist convention?

If you're not a member and you just want to look in, do you have to undress?

Certainly you do.

Take the convention of the American Sunbathing association going on now at nearby Sunshine park. If you present what the association feels is a legitimate request to attend, just strip down and enter.

This is what happened when Joe Grossman, a reporter, arrived at the park gate:

A uniformed policeman asked for his credentials. He was waved ahead. The reporter soon found out that the cop was the only one on the 150-acre property who wore clothes.

* * *

"WHERE COULD I hang my badge?" he asked.

An escort met the visitor. It was 18-year-old Penny Holroyd. She was —well, you'd have to be there yourself.

Miss Holroyd led the way to her three-story home.

The reporter was led upstairs to a room occupied by Ralph Anderson, editor of Sunshine and Health, the association's publication.

You leave your clothes there. All of them. Then you get something to put on. It's a disk bearing the words "ASA, 1948" on one side and your name on the other. Something like a wartime dog tag. You hang it from your wrist by a rubber band.

Now Anderson becomes your guide. You go to lunch at the park's mess hall. The waitresses are efficient.

* * *

HOW DO YOU pay for lunch? You carry some bills tucked under your rubber band. Don't get stuck with any change. Eat for at least a dollar's worth. There was one fellow, though, who carried a binocular case slung from his shoulder. In the case he had his pipe, tobacco and money.

After lunch, out comes the sun, and with it, comes one of the disadvantages of nudism. Some large and ravenous mosquitos, kept down by five days of rain, feast on all that exposed skin. It's high time to get going.
